## COUNCIL BUYS \$4,900 GARAGE FOR EXPANSION

Gettysburg Borough Council Monday night passed a resolution by which it purchased, for \$4,900, the land in the rear of the present engine house.

The purchase took the form of a resolution by which the council legalized an action it had taken in executive committee session immediately after adjournment of the September session of council.

At that time it authorized borough engineer LeRoy Winebrenner to buy for the borough the garage, plus a strip of land to the immediate west of the garage, of the Frank Deatrick estate, up for sale on September 15.

### PLAN EXPANSION

Under arrangements made by members of borough council Winebrenner bought the entire property of the late Frank Deatrick at 112 Baltimore St. from the executors for \$24,500. Under the law Attorney Charles Wolf is to secure the 3½-story brick building on Baltimore St., plus part of the lot to the rear for four-fifths of the purchase price, while the borough secured the garage and a strip along its side for the other fifth of the purchase price.

The purchase will permit the town to enlarge its present fire house and borough offices on E. Middle St., thus making more room for fire equipment and borough facilities. At present the portion of the building allocated to fire department use is too small to permit all of the equipment to be housed there. The ladder truck has been parked at various places throughout the borough for several years. The crowded conditions caused by placing other equipment in the firehouse will also be alleviated.

## Ford Motor Is Struck By UAW; 120,000 Idled

By DWIGHT PITKIN

DETROIT (AP) — The United Auto Workers struck the Ford Motor Co. today as company and union negotiators apparently remained deadlocked on a new contract agreement.

Acting under union orders, some 120,000 Ford hourly workers walked off the job. UAW leaders here telephoned walkout instructions to locals across the country in observance of its 10 a.m. strike deadline.

It was the first nationwide strike against Ford by the UAW since the company was organized by the union in 1941.

The walkouts came as negotiators continued a marathon bargaining session in an effort to avert a crippling strike. Company and union negotiators have been in continuous session for almost 25 hours.

Ford, facing its first general strike in 20 years, and the union were struggling in bargaining talks to reach an agreement as the walkouts took place.

The last time Ford had a strike was in 1944 at the time of the union's organizing of Ford's workers. There were limited strikes in 1955 and 1958 during contract negotiations.

Ford and the UAW reportedly were deadlocked over noneconomic contract issues, including production standards, after having settled on economic terms at midnight in overnight negotiations.

## Woman Is Fined \$500 In Conspiracy

A \$500 fine was imposed by Judge George W. Atkins in York Monday on Mrs. Frances Leatherman, 44, of Thurmont, convicted by a jury in January of conspiracy to do an unlawful act. Her attorney, Arthur D. Weeks, announced the case would be appealed to the state superior court.

Mrs. Leatherman was accused of conspiring with a former Adams County woman to have Mrs. Leatherman's name entered as the mother on a birth certificate for a daughter born to the former countess.

### SEEK LICENSES

Those applying for marriage licenses in York include: Mark Eugene Heisey, East Berlin R. 1, and Dianne Marie Altland, Abbottstown R. 1; Richard Bernard Jacobs, Dover R. 2, and Bonnie Elaine Waggy, East Berlin R. 2.

## Lions See Film On P. O. Department

Acting Postmaster Charles W. Pentz showed a film, "Farewell Pony," showing the advancements in mail handling by the U.S. Post Office Department at the weekly dinner meeting of the Gettysburg Lions Monday evening. It showed how automation and electronics are being used to help handle the vastly increased volume of mail.

Vice President Kenneth Dengler presided at the meeting which was held at the VFW home. John Smith was introduced as a new member and Daniel A. Paddock was presented as a guest.

J. B. Collins, membership chairman, spoke briefly and a meeting of his committee followed the club session.

Tickets for the Lions' benefit football game November 2 between Gettysburg College Freshmen and Shippensburg State College were distributed to members. Proceeds of the game go into the club's Charity fund.

## FOUND JOBS HERE FOR 48 HANDICAPPED

The Gettysburg office of the State Employment Service has found jobs for 48 handicapped workers in the first eight months of this year. R. P. Keagle, manager of the local office, said today as he announced the local office is cooperating with the Adams County Employ the Handicapped Committee in observing National Employ the Handicapped Week this week.

In the first eight months, handicapped worker job placements throughout the state by the Employment Service totaled 10,921, Keagle noted. The current National Employ the Physically Handicapped Week is the 17th effort of its kind intended to draw attention to the advantages and opportunities in offering jobs to handicapped men and women.

Mr. Keagle urged employers to list job openings with the local office in order that handicapped workers could have an opportunity to apply for jobs for which they are qualified. Employers were also asked to relax arbitrary restrictions they might have on the hiring of handicapped workers and make the ability to do the job the only question in hiring.

"When ability is emphasized instead of disability there are few jobs which the handicapped worker cannot perform well," Mr. Keagle said.

The employment official advised handicapped workers who are unemployed or seeking a more suitable job to apply at the local office. A special program of services is available for handicapped workers aimed at placing them in suitable jobs at their highest skills. If handicapped job applicants need services not available in the local office to make them employable, the local office will refer them to agencies supplying such services.

## De Gaulle Stands Firm On Decision In Algeria

PARIS (AP)—President Charles de Gaulle served notice on his political critics and enemies today that he is determined to carry out self-determination for rebelling Algeria, come what may.

In a nationwide radio-TV speech Monday night, the vigorous 70-year-old general made it clear he will not be side-tracked by bickering politicians or right-wing terrorists who want to keep Algeria a part of France.

Much of his speech repeated the policy he has frequently enunciated to resolve the nearly seven-year-old rebellion but with emphasis on these two points:

1. He will establish a provision-

## SECOND RADIO NETWORK HERE IS SUGGESTED

Adams County may soon have a "sheriff's and police radio network" similar to the one now used by the fire companies and Civil Defense.

Gettysburg borough council was asked Monday night at its meeting in the engine house to participate in the setting up of such a network at a cost of "about \$500."

Councilman George W. Naugle said the Federal Communications Commission has warned that the firemen's frequency may not be used for police purposes after 1963.

The new setup being planned by the county commissioners would be on a sheriff's frequency, allocated to Pennsylvania. If adopted by Adams County and other sheriff's offices through the state, the entire state would have its local police and sheriff's forces interlocking in radio communications.

### FUNDS APPROVED

County Civil Defense Director William G. Weaver said today the county has had federal approval for Civil Defense matching funds for such a communications network.

Borough council was told Monday night that Littlestown has already agreed to enter the sheriff's-police radio network and Franklin County is planning such a set up if Adams County does so. Weaver said it is anticipated other counties will join if Adams County and Franklin lead.

The safety committee was asked to present recommendations on the plan.

A letter was read from the Adams County Commissioners stating that the commissioners will provide public toilets for full-time use in the basement of the courthouse if the borough will pay for the water and supervision. The matter was turned over to a committee.

Councilman Mahlon P. Hartzell Sr. was authorized to set up a meeting between agents of the Reading Railway Co. and the borough highways committee concerning Constitution Ave. development.

Council approved an agreement with the Gettysburg School System by which the school system will leave its road across the high school-Keefeauver School property open for public use during the hours when school is not in session and the town will maintain and police the street. The school retains the right to close the street at any time.

### LIGHTS IN SQUARE?

Council agreed to sign a petition asking the state to authorize erection of traffic lights in Lincoln Square. The agreement does not bind council to place the lights if they are approved.

Gene Hedley, new state sanitarian, replacing Jack Libby, was introduced.

On motion of Finance Chairman John Welshonice, Borough Treasurer Harry D. Ridinger was appointed insurance broker for the borough.

Bids were opened for 12 pairs of firemen's boots. Fyr Fyter Co. bid \$18.95 a pair and Irvin J. Houck, Hanover, \$16.95 a pair. The bid was awarded to Houck.

Approval was given to purchase and install 105 feet of 18-inch pipe to extend a storm sewer from Stratton St. to the Tiber.

Councilman Richard Smith reported that the next section of the Tiber to be concreted will be west of the Carlisle St. bridge. A section of about 200 feet from the end of the present concrete bottom east of the Carlisle St. bridge to the bridge will be laid next spring.

### SCHOOL ORDINANCE

The safety committee was asked to study the possibility of stop signs at the intersection of W. High St. and Howard Ave.

Council passed an ordinance authorizing construction of the new high school by the borough school authority. Previously council was never asked to give its

## Guests At Military Company Luncheon

Five of the guests at the luncheon of the Ancient and Honorable Artillery Company of Massachusetts Monday noon at the Hotel Gettysburg are, from the left: Brig. Gen. Fred E. Pareira, Maj. Fred A. York, Lt. Gen. Willard S. Paul, Gov. John A. Volpe, of Massachusetts, and Maj. Gen. Reginald A. Maurer, captain commanding. (Times photo)

## Lunch, Tour End Visit Of Old Artillery Company Here

More than 150 members of the Ancient and Honorable Artillery Company of Massachusetts, the oldest military unit in the western hemisphere, completed the third phase of its 324th Fall Field Day Tour of Duty with a luncheon Monday noon at the Hotel Gettysburg followed by a tour of the Battlefield. They left late Monday afternoon for Washington where they attended a reception and banquet at the Sheraton-Park Hotel Monday.

Major General Reginald A. Maurer, captain commanding the company, was master of ceremonies at the luncheon. Among the guests at the speaker's table were Governor John A. Volpe of Massachusetts, and Mayor John F. Collins, of Boston.

Governor Volpe, who addressed the banquet told of the "comedy of errors that befell him while with the company Sunday evening. He said he was to have been transferred to another hotel room in Washington, but preferred to remain with his company associates. Monday morning at 5:30 o'clock he received his first unexpected telephone call, mistaken for another guest. This was followed by four other calls, all intended for another guest; there was considerable confusion waiting for his military aide and the mayor of Boston, John F. Collins, got his car.

### LAUDS GENERAL PAUL

In introducing Gen. Willard S. Paul, General Maurer reminded his associates that General Paul "commanded the famous 26th Yankee Division during the second world war. 'It included many Massachusetts men and I was privileged to serve under this great general and leader. He was an inspiration to his staff and others.'"

General Paul expressed his pleasure at having Gettysburg play

## BOY KILLED IN FALL IN BARN

A four-year-old boy toppled out of a hay loft on the family's farm near here Monday, suffered a fractured skull and died two and a half hours later in Westside Osteopathic Hospital at York.

Ronald Parr, son of Mr. and Mrs. Robert M. Parr of Dover R. 4, was in a hay loft which his older brother, Roger, 9, who was throwing hay to some cows below.

Dr. Kenneth Sneed, deputy York County coroner, said Ronald apparently got too close to the edge of the loft, lost his balance and fell about 15 feet. He landed on the back of his head and neck. Dr. Sneed said the boy suffered a fractured skull and died at 1:30 p.m.

In addition to his parents and his brother, Ronald is survived by his maternal grandfather, Amos Shearer, Dillsburg, and his paternal grandmother, Mrs. Elma Paer, Abbottstown R. 1.

Funeral services will be at 2 p.m. Thursday at the Emig Funeral home in East Berlin with the Rev. Lester J. Karschner, pastor of St. John's Lutheran Church, Abbottstown, officiating. Friends may call at the funeral home Wednesday evening.

## Paddock Named FHA Supervisor

Daniel A. Paddock, Gettysburg R. 2, has been appointed county supervisor for the Farmers' Home Administration in Adams and York Counties, effective Monday. He succeeds the late Don C. Miller who had served in the position since the office was moved here from York about eight years ago.

Mr. Paddock, who has his office in the Adams Electric Co. building here, is a veteran of 15 years' service with the Farmers' Home Administration. He was assigned to the Somerset office in 1955 and transferred to Carlisle in 1957 where he was supervisor for Cumberland and Franklin Counties.

## POST INSTALLS NEW OFFICERS

Officers of the Albert J. Lentz American Legion post were installed at a meeting Monday evening in the post home by Perry House, Aspers, commander of District 22.

John F. Maloney, E. Middle St., a teacher at the Eisenhower Elementary School, accepted the commander's gavel from House and said that he hopes this year "will be a year of growth, interest, increased membership and fellowship."

Others sworn in were first vice commander, Dale Bowling, by House; second vice commander, Dr. Fred Tilberg, by Carroll Noel, adjutant of the Harold H. Bair post, Hanover; adjutant, William E. Timmins Jr., by Noel; finance officer, Richard Finkboner, by Charles Petry, 22nd District deputy from Hanover; chaplain, Richard Fox, by Ralph Ruggles, deputy commander from Littlestown, and sergeants-at-arms, Glenn Minter and Kenneth Selby, by Dale Clark, Bendersville, 22nd District adjutant.

George W. Hofe, Taneytown R. 2, and Richard W. Gentzler, Spring Grove, were approved for membership.

Commander House spoke briefly about national legislation, increased membership and the new registration cards.

A dinner was served after the session.

## Fairfield Council, Authority To Meet

A special joint meeting of the Fairfield Borough Council and the Fairfield Water Authority has been called for next Wednesday, October 11, at 7:30 o'clock in the First National Bank building there for decisions on extending waterlines to the newly-acquired section of the borough. Plans for the extension are complete.

A regular meeting of council was held Monday evening with five members present and with President Thomas L. Newman presiding.

Burgess Kenneth W. Sanders recommended that speed limit signs be erected at each end of the borough and that existing signs be re-lettered and painted. Council approved the recommendation.

### MIXUP ON COATS

Mrs. Donald Carver, R. 3, and some other woman guest at the Masonic banquet at the Harney Fire hall Monday evening picked up the wrong coats when they left after the banquet program. Mrs. Carver would like to exchange the red coat she has for her own.

## Vermont Governor To Place Wreath

F. Ray Keyser Jr., 34-year-old governor of Vermont, will visit General Dwight D. Eisenhower here next Monday.

On his visit to Gettysburg, he will place a wreath at the Vermont monument on the battlefield.

Governor Keyser will come here after delivering an address in Philadelphia before the city's chapter of the Society of Industrial Realtors.

## FUNERALS ARE SUBJECT FOR MINISTERIUM

A list of subjects on which there is a need for better understanding between clergymen and funeral directors were discussed by members of the Adams County Ministerium at their October meeting Monday at the Orrtanna Methodist Church.

The discussion followed a talk by Robert Monahan of the Bender Funeral Home in Gettysburg in which he listed "points of contention" between clergymen and funeral directors. Discussion brought out the fact that clergymen often feel they are "slighted" in the early stages of funeral arrangements, are not consulted about the time and place for services and lack a satisfactory plan for handling the matter of gratuities.

Discussion showed the pastors felt it is the responsibility of each pastor to inform or reach an understanding with his own official board or congregation about general arrangements involving funerals and to inform his people of the understanding. The need for "better lines of communication" between pastors and funeral directors was cited.

### ANNOUNCE CLOTHING DRIVE

Mr. Monahan assured the clergymen of the willingness of the Bender Funeral Home and other undertaking establishments in the county to attempt full cooperation with the wishes of the ministers in connection with funeral arrangements.

The Rev. John Martin, pastor of the New Oxford United Church of Christ, president of the Ministerium, presided at the meeting. The host pastor, the Rev. Merrill D. Long, conducted the opening devotions with the Rev. Dr. Howard S. Fox of Gettysburg at the piano.

Announcement was made of the fall clothing drive about Thanksgiving time for needy overseas and the Ministerium referred to its executive board for study means of handling better the ministries to the county institutions and through the newspaper and radio.

Announcement was made of plans for the annual county-wide Reformation service to be held Sunday evening, October 29, in the Church of the Abiding Presence on the Lutheran Theological Seminary campus with Dr. Vernon W. Middleton of the western Pennsylvania area of the Methodist Church as the speaker.

The next meeting of the ministerium will be held November 6 at the New Oxford Lutheran Church with the Rev. Nevins Smith, Hanover, scheduled to speak on "Humor."

### PTA NEXT TUESDAY

The meeting of the York Springs Elementary PTA, at which County Commissioner Clarence J. Waybright will speak, will be held next Tuesday, October 10, at 7:30 p.m. at the all-purpose room of the York Springs Elementary School instead of tonight, as previously announced.

## 200 MASONS, WIVES ATTEND ANNUAL EVENT

More than 200 attended the annual Chapter-Commandery ladies' night banquet Monday evening in the Harney Fire Hall with Maurice T. White, Norristown, grand high priest of the Grand Holy Royal Arch Chapter of Pennsylvania, as the speaker.

Samuel Miller, of Gettysburg, was the toastmaster. The invocation was given by Paul G. Penser, district deputy grand master, after the singing of one stanza of "America."

It was noted that the banquet session also was marking the 75th anniversary of the founding of Good Samaritan Chapter 266.

Visiting commanders were introduced by James Hays, captain general of the Gettysburg Commandery of the Knights Templar, as follows: Guy Hoffmaster, York Commandery No. 21; Julius Hauser, Gettysburg Commandery No. 75 of York; Stanley Hull, Gettysburg Commandery No. 79, and Lloyd C. Barner, Bethel Commandery No. 96.

### VISITING OFFICIALS

Division Commander William R. Swisher, Gettysburg, of Division 16; Charles Eurich, Shippensburg, division commander of Division 15, and Paul C. Rodenhauer, Columbia, grand generalissimo of the Grand Commandery of Pennsylvania, were presented next, followed by visiting and local chapter officers and their wives and past high priests.

Other introductions included H. B. Flaherty, New Oxford, director of work for the Grand Chapter of Pennsylvania; District Deputy Grand High Priest Guy Hoffmaster (Continued On Page 4)

### WILL RETIRE

CHAMBERSBURG, Pa. (AP) — Dr. Simpson B. Daugherty of York, completing a four-year term as superintendent of the Evangelical United Brethren Church in Pennsylvania, announced his retirement from active ministry today.

### CHIEFS TO MEET

The next meeting of the Adams County Association of Fire Chiefs will be held at the Hanover Fire Company, E. Chestnut St., Thursday at 8 p.m.

## Kuzbari Takes Neutral Stand On Foreign Policy

By DAVID LANCASHIRE  
DAMASCUS, Syria (AP)—Premier Mamoun Kuzbari today launched his revolutionary regime on a neutral course in foreign affairs. At home he pronounced a policy of encouraging private ownership.

Thus he followed President Gamal Abdel Nasser's foreign policy of nonalignment in the cold war, while putting a brake on the United Arab Republic's nationalization program that stirred unrest in Syria.

The Syrian lawyer-politician outlined his views Monday night in his first news conference with foreign correspondents since the uprising that sundereed the Syrian-Egyptian merger under the flag of the U.A.R.

### FOUR-MONTH LIMIT

Pledging a return to parliamentary democracy, he put a four-month time limit on the period he and his Cabinet would serve, adding: "I hope the time will be less."

## GRAND JURORS FAIL TO INDICT MIGRANT ON MURDER COUNT

An Adams County grand jury Monday afternoon dismissed a murder charge against Morris Smith, 41, Gardners R. 1 migrant worker who had been charged with slaying his brother-in-law, 50-year-old James Davis Collins, at a labor camp near Gardners on September 22.

While the grand jury handed up a decision of "not a true bill" on the murder indictment, Smith remained in jail today on a charge of carrying a pistol without a license brought by state police before Justice of the Peace Robert P. Snyder. The charge is misdemeanor, police said, and there is a possibility he may still face trial here, but on the lesser charge.

Grand jury deliberations are secret, but it was understood that the lengthy consideration given the murder case prevented the grand jury from returning any indictments at noon Monday. It thus became the first grand jury in a number of years that did not hand up some indictments at the noon hour. Court attendants, judging by the witnesses entering the grand jury room, estimated that the grand jury heard evidence in the murder case from 10 o'clock Monday morning until about 2 o'clock Monday afternoon, with time out for lunch.

### SELF-DEFENSE MAYBE

No details were available on the deliberations of the grand jury, but state police said today that additional witnesses secured after the hearing before Justice Snyder in the murder case indicated that the shooting might have been in self-defense. Witnesses at the hearing told of coming upon Smith with a gun in his hand and Collins wounded, which led to Smith being bound over for grand jury action. While not testifying at the hearing, Smith claimed Collins came at him with a shotgun in the "gymnasium" or recreation room in the basement of the labor camp building. A shotgun was found by police and later witnesses told police it appeared

## GOVERNOR OF ROTARY DIST. SPEAKS HERE

Jerome D. Greenebaum, Hanover, governor of the 739th district of Rotary International, was the speaker Monday evening at the meeting of Rotary at the YWCA.

Rotary's ultimate goal, the district governor said, "is to extend the ideal of service to the community to everyone."

He told about the Tokyo, Japan, convention of Rotary International at which he was one of 269 district governors elected to supervise more than 11,000 Rotary clubs throughout the world.

"On one side of me sat a Rotary governor from India, on the other one from Pakistan. Their governments have areas of disagreement, but the two men representing their countries could work well together in the Rotary ideal of service to the community. Perhaps Rotary may some day prove a way by which governments can learn to work together."

### HEAR MRS. GIFFORD

Following the meeting he met with committee chairmen for a "Club Assembly."

Mrs. Roy W. Gifford, speaking on behalf of the local UNICEF committee, outlined plans for "trick or treat for Unicef" and sale of Christmas cards to help carry on the work of UNICEF for the coming year. She noted that UNICEF helps governments help themselves. "For every dollar spent to help children in needy lands the government there must spend at least one dollar and most spend much more. So far through UNICEF 180,000,000 people have been vaccinated against tuberculosis, 18,000,000 have been cured of yaws, 5,500,000 mothers and children receive milk daily."

John MacLay was introduced as the high school student member for October. President Richard Newsham presided with 47 present. Group singing was led by Rev. Robert MacAskill and Dr. Frederick Shaffer. Honorary member Frederic Griest Sr. was introduced, after a long absence from the regular meetings.

RODE — On October 2, 1961, at 12:25 p.m., at the York hospital, Rufus T. Rode, husband of Mildred Shani Rode, York Haven R. 1, aged 46 years 9 months and 28 days. Relatives and friends are invited to attend the funeral services Thursday, October 5, at 1:30 p.m., at the L. E. Diehl Funeral Home, Mt. Wolf, Interment in Paddletown Cemetery. Friends are invited to call at the Diehl Funeral Home Wednesday evening from 7 to 9.

## TALKS TO CLUB ABOUT UNICEF

More than \$1,000,000 is raised annually for the United Nations International Children's Emergency Fund through "trick or treat" for UNICEF by the nation's school children and sale of Christmas cards among adults, Douglas Houston told the Kiwanis Club at its meeting Monday evening at the Lamp Post Tea Room.

Houston said the "trick or treat" program started five years ago among a Sunday School group. That first year \$35 was raised. The idea spread quickly and now has become a major way for children of the United States to help children overseas. He held the program "helps prove the idealism of the youngsters who give up what they would have received by trick or treat activities to help other youngsters."

Capt. William Richardson, assistant professor of military science and tactics at Gettysburg College, was formally inducted as a member of the Kiwanis.

Pins for six years perfect attendance were given Dr. George Wolfe and Harry Redding. A similar pin for three years attendance went to Herbert Hamme and one-year pins to Elwood Hartman and Charles Pentz.

William Ditzler reported on plans for the forthcoming community observance of Halloween. The club voted a \$10 donation toward the expenses of the Halloween committee.

President Kenneth Foust distributed the members packets of questionnaires to be handed to persons taking part in the cancer research program being held throughout the county.

approval for such actions.

A letter was read from the Adams County Sanitation Corporation stating it has established a new landfill in Tyrone Twp., replacing the one in Oxford Twp., and asked the health committee and members of council to meet with Adco officials.

A number of resolutions were presented for council approval by which 25-mile-per-hour speed limits would be established on Carlisle St., Baltimore St., Buford Ave. and Chambersburg St., W. Middle St., E. Lincoln Ave., York St., Hanover St., Steinwehr Ave., Taneytown Rd., W. Lincoln Ave. and College Ave. A letter from J. C. Whalen, district engineer for the state Department of Highways, to Mayor Wilbur L. Plank, accompanying the resolutions, stated the "state Department of Highways looks with favor on establishment of speed limit zones."

Mayor Plank reported that Officer Russell Potter will complete his first year of service on the force November 16 and should at that time be advanced in pay from \$3,200 to \$3,400. The matter was turned over to the safety committee.

### COMMEND COUNCIL

Plank reported that he had been informed the state Highway Department plans to begin work on W. Lincoln Ave. after installation of a storm sewer and that no repairs will be made to Baltimore St. at the cemetery until after the new Route 15 bypass is completed. In that way traffic will be able to use the new road while Baltimore St. is detoured at the cemetery area.

A letter was read from Dr. Gerald Doo and Mrs. Franklin R. Bigham, co-chairmen of the health committee of the Adams County Council of Community Services, commending council on the work it has done so far on improving sanitation in the borough and recommending "action as promptly as possible" to prohibit burning of garbage in the borough and "to prohibit the burning of all refuse in the borough except by approved methods of incineration."

Safety committee chairman George W. Naugle said his committee will report on the town's proposed new fire ordinance at next month's meeting.

Members of the Women's Civic Council of Gettysburg served cider and ginger bread to the councilmen following the meeting. Councilman Hartzell said in all his years as a school board and council member this is the first time any group has provided refreshments for either official body.

### SORORITY HOLDS "RUSH" PARTY

Twelve prospective pledges were guests Monday evening at a "rush party" and model meeting of the Epsilon Delta chapter of the Beta Sigma Phi sorority at the REA building. The president, Mrs. Eugene Pyles, conducted the business session.

Mrs. Richard McBea announced a "preferential tea" for the new pledges will be held October 15 at the home of Miss Betty Snyder, Twin Oaks, and Miss Linda Harbaugh, social chairman, told of plans for a "Beatnik" Halloween party to be held October 24 at the home of Pat Timlin, 134 S. Howard Ave., and Mrs. Pyles revealed that the Valentine queen will be selected at that time.

The cultural part of the program was presented by Edwin Longenecker, English teacher at the Gettysburg High School. He spoke on "Prose." Mrs. McBea gave a resume of the ideals and traditions of Beta Sigma Phi for the benefit of the prospective pledges. Games followed the meeting and refreshments were served by the membership committee.

Tunison. Leaders are to bring supplies and pieces with final coat on dry for final rubbing.

Mr. and Mrs. Carl W. Neal, Olympia, Wash., spent the weekend with Mr. and Mrs. Charles B. Spicer, R. 4.

### STOCKS DECLINE

NEW YORK (AP)—The stock market declined early this afternoon in quiet trading as the United Auto Workers Union went on strike against Ford Motor Co.

The Associated Press average of 60 stocks at noon was off .50 at 252.10 with industrials off 1.30, rails up 10 and utilities unchanged.

Losses of key stocks went generally from fractions to a point or so. Wider losses were taken by some higher-priced or more volatile issues. A number of pivotal issues were unchanged.

### CORRECTION

The robbery at the Gettysburg Motor Lodge, 380 Steinwehr Ave., late Sunday evening occurred in a guest room and not in the lobby of the motel, according to borough police.

## GRAND JURORS

(Continued From Page 1)

to them that Collins was threatening Smith with the shotgun.

The grand jury handed up "true bills" in 12 cases, but at least half those cases will not come before the county court for trial at the present time because the defendants are in prisons elsewhere. It was estimated at the completion of the report of the grand jury and an arraignment of prisoners held before the court Monday afternoon that there will be seven criminal cases for the petit jury to try beginning next Monday.

WITHDRAWALS PLEA

A true bill was found on a drag racing charge against Dorothy J. Bretzman, York Springs. Roy F. Flory, Gettysburg R. 2, who had pleaded guilty to drag racing with Dorothy Bretzman, withdrew his plea of guilty and both will stand trial on the charges next week.

Other true bills handed up by the grand jury include these cases: Carlton Edgar Ferguson, Fairfield R. 1, hit and run; Bruce Peter Reid, Philadelphia, driving while his license was suspended; Dale Bowers, morals charge; Sherman C. Kachel, Gettysburg R. 5, larceny, and Joseph Seidman, Irving Page and Barry Marks, all of the Philadelphia area, cheating under false pretenses and conspiracy to do an unlawful act.

The men against whom indictments were brought on burglary and larceny charges and who were reported as in other prisons and not available for trial at this time were Harold J. Smith, Hummelstown R. 1; Kenneth R. Schurtz, York Haven R. 1; Paul Lee Smith, New Cumberland R. 1; William J. Melton, Camden R. 2, Tenn.; John D. Stefank and Thomas G. Lipsey, both of Indiana, Pa.; John A. Martin Jr., Philadelphia, and Charles E. Sprengle, James H. Barrett, Ronald E. Snyder, Frank A. Shearer and G. Frank Zimmerman, all of Chambersburg.

TO STAND TRIAL

Preston Lee Shorb, Taneytown, charged with contributing to the delinquency of minors, withdrew his plea of guilty and will stand trial next week.

William Yingling, Fifth St., withdrew his plea of guilty to a charge of assault and battery and will stand trial next week.

### ENTER PLEAS

Norman V. Yingling, 55 E. Railroad St., entered a plea of guilty to a charge of driving while under the influence. Robert F. Swartz, Hanover R. 4 and Richard L. Stahl, Hanover, entered pleas of guilty to speed contest charges. Harry Robert Sprankle and Robert L. Topper, both of Gettysburg, entered pleas of guilty on morals charges. It was indicated that at least in Sprankle's case sentence may be postponed to February to permit diagnostic examination. David A. Noel, New Oxford R. 1, entered a plea of guilty to charges of burglary and larceny.

Other defendants appearing before the court at the arraignment continued their pleas of innocent or guilty as previously announced.

Only one defendant had a little difficulty, appearing before the court twice. Clair D. Shultz, in court to sign a plea of guilty to a charge of driving during suspension, also stepped up before the court when another defendant of almost the same name, Clair M. Shultz, Gardner R. 1, was called. Where Clair D. was charged with driving during suspension, Clair M. is charged with driving while under the influence. The court quickly straightened out the confusion of names.

### TWO PAROLED

Woodrow Bennett, York, who had been sentenced September 2 to from 30 days to 23 months on a burglary and larceny charge, was placed on parole for two years.

Carl M. Kidwell, Gettysburg R. 4, who had been sentenced June 24 to 90 days on a charge of driving after suspension and under the influence, was placed on parole for one year.

Luther E. Jacobs, Gettysburg R. 3, was appointed judge of elections in Highland Twp. to fill the vacancy caused by the death of Arthur T. Knouse.

Previous tours of the company have been to England, Italy, Canada and other foreign countries.

SEPTEMBER'S  
TRAFFIC TOLL  
IS UNDER '60

The number of accidents on Adams County highways and the number injured continue lower than the totals for 1960, state police reported Monday.

Sgt. Joseph A. Tappe, commanding officer at the local state police barracks, said his officers investigated 34 auto accidents during September in which 19 persons were hurt and damage totaled \$18,825. The number compares to 39 accidents in September, 1960, in which 21 persons were hurt, one was killed and damage totaled \$21,825.

In the first nine months of this year there have been 255 auto accidents investigated by state police in which 17 were killed and 172 hurt. Damage totaled \$212,780.

## 160 ARRESTS

During the comparable period of 1960 there were 298 accidents in which 221 were hurt, 15 killed and damage was \$212,270. Police noted that while there have been more fatal accidents

so far this year than during 1960, the total for 1960 was unusually low for the county. They observed that in 1957 there were 26 persons who lost their lives in highway accidents in the county. In 1950 the number was 23 and 1959, 24.

During September the officers from the local substation made 160 traffic arrests of which 28 were made as a result of the accident investigations. The police also made 22 criminal charge arrests as a result of investigations during the month.

So far this year the state police from the local substation have made 1,268 arrests on traffic charges. The nine-month total compares to 1,757 traffic arrests throughout the whole year of 1960, 1,608 during the year 1959, 1,678 during the year 1958 and 1,766 during the year of 1957.

GHS JAYVEES  
DOWN TROJAN  
SCRUBS 13-6

Coming from behind with a pair of touchdowns in the last quarter, the Gettysburg High junior varsity football team opened its season with a 13-6 victory over the Chambersburg reserves here Monday afternoon.

The Trojans scored their only touchdown in the second period end from the 12-yard line. A pass was tried for the extra point but a penalty nullified the play and then a run for the point was smothered by the Warriors.

After a scoreless third quarter Coach Charles Liley's outfit hit pay dirt twice in the final frame.

Jim Newman, on a roll-out, circled left end from 10 yards out to knot the score. Joe Riley was stopped when he attempted to carry over for the point.

A short time later the Warriors worked the ball deep into civic leader, died Monday. McDonough, who had been with the bank since 1931, was born in Tyndall, S.D.

Chambersburg territory and Newman circled right end from the six to tally. Ron Miller added the point on a sweep of right end. Next Monday the Warriors meet Littlestown on the latter's field at 3:30.

## Morning Train In Ugly Wreck:

In a railroad wreck on the Western Maryland at Intersection shortly before nine o'clock this morning two coaches of the passenger train due here at 10:00 were overturned and about twenty passengers and several members of the crew more or less painfully injured. None of them was seriously hurt, however.

The train left Lineboro at 8:44 on time and was near the small station between Lineboro and Summit, known as Intersection, when the tender suddenly left the track and overturned, carrying with it the baggage car and the smoker. The third coach did not leave the track and could be used, the wreckage being sufficiently cleared away about half past eleven to allow a train to

**May Have All Year Market:** The market stall holders are now talking of a plan launched by Market Master Miller to have the local institution conducted once a week throughout the entire winter. Last year the market closed on December 13 and under ordinary circumstances it is probable that this year would see its last day about the same time.

The plan of holding market one day in the week meets with considerable favor as it is claimed that stored apples, cabbage, potatoes and other vegetables could be brought in while the products of the country "butcherings" always found favor at the late fall market days last year. Market men seem to be favorably inclined toward the proposition and town people who have been told of the idea seem to think that it might be a good plan.

**To Hold First Teachers' Rally:** The first of this year's series of educational rallies held by the teachers of the Adams County public schools will take place at Arendtsville on Friday evening and Saturday, October 13 and 14. County Superintendent Roth has arranged for a program of value and interest and it is believed that the sessions will be generally attended by the teachers of the county.

The evening session on Friday will be more particularly for the citizens and teachers of Arendtsville and the adjacent districts. The Saturday sessions are for all teachers of the county who can arrange to attend and all who do go to Arendtsville for the day will be entertained in the homes of the residents of that town.

**To Start Concrete Work:** Work on the concrete curbs authorized by the town council will be started this week, the necessary preliminary preparations for the having been made on Monday. At some places the new curb will be somewhat higher than the present pavements but after pavements are made to conform, the entire appearance of the stretch will be improved. This obviates all grade disputes, also, and the extension of the work will probably be carried on next year. The steel for the curbs in Centre Square has been ordered and this work which is to be done under supervision of the Highway committee will be started as quickly as possible so as to be completed before winter weather commences.

**Glidden Tour Coming Sunday:** Between seventy and eighty cars with 250 or 300 passengers are expected in the big Glidden automobile tour which will arrive in Gettysburg on Sunday evening, October 15, to be here overnight before proceeding on their way south.

The members of the tour will

## Today's Talk

## ON EARNING

The only things we own are the things we earn. The gambler owns nothing.

If the gambler wins big he imagines he has acquired real wealth. As a matter of fact he has only shifted position with some one else—he is a man of borrowed wealth.

But the man who earns owns outright. He has respect for himself and for the world. He is not distrustful. Illusions pass before his mind, but the things of fact make an impression and his intelligence absorbs. He grows. He is a useful citizen. He has rare understanding.

The man who earns is also a philosopher. The philosopher is the man who stirs the kettle of ideas and plants his feet upon the ground. He discerns. He often does foolish things in order that he may get the reaction to valuable truths. But he always pays the price. In the end he is a true earner.

No one ever gets anything for nothing. Everything has to be paid for if it is kept.

Success is a process full of pitfalls, full of tears, full of hardships. Many ride upon the earned success of others, but they only know the crest of the wave for a little while. They live to learn the futility of that which they falsely think belongs to them.

The world is made up of lifters and leaneers. The lifters are the earners. They are the salt of the earth.

Earners think in straight lines. They cut no short corners. They make up the choice and rare Society of Strong Men and Women. They are the ultra genuine.

A man takes great pride in the thing which he knows represents the sweat of his brow. He knows that there is where no thief—no matter how clever—will ever find opportunity to break in or steal.

No one will ever approach perfect contentment in this world, but he who honestly earns will enjoy many a shadow of its genuine self.

Tomorrow Mr. Adams will talk on the subject: "Solitude"

## THE JOY OF THE FUTURE

Trouble is laughter as soon as it's done;

Danger is joy when the battle is won;

The night is forgotten when morning's begun,

So don't stay too long at your walling.

The rough road is dreary to travel, but you

Will look back and smile when your journey is through.

You may doubt this today, but you'll find it is true,

So don't fret too much when you're failing.

The care which now burdens you down will grow light,

Your doubts and your fears will slip out of sight,

And you'll laugh at them all when you've put them to flight,

So don't be too gloomy about them.

For the pride of tomorrow is fashioned today;

Men boast of the burdens they've borne on the way;

And the fears which this morning fill you with dismay

You will laugh at the moment you rout them.

There's none of us free from the whiplash of care;

The gladdest of hearts has been stung by despair;

But all come to beauty some time and somewhere,

So don't dwell too long in your sorrow.

Be brave and be strong as you stand to the test;

By the burdens you've borne you will see you're blest;

All the hardships endured will seem sweet as you rest

And you come to that brighter tomorrow.

## FIRES 16TH BLAST

WASHINGTON (AP)—The Soviet Union has fired its 16th nuclear blast into the atmosphere since resuming atomic testing Sept. 1.

The Atomic Energy Commission announced Monday that the Soviet explosion had a yield "on the order of a megaton." This is equivalent to 1 million tons of TNT.

**A. N. WILLIAMS DIES**  
LITTLETON, Colo. (AP)—Albert N. Williams, 73, retired industrialist who headed many major companies including Western Union Telegraph Co., died Monday at his ranch southwest of Denver.

The tour comes here on the second day of its 1,456 mile run from New York City to Jacksonville, Florida, and from Gettysburg goes on to Staunton, Virginia, on its third day.

## 7 IN FAMILY ARE KILLED IN TRUCK CRASH

FREMONT, Neb. (AP)—"Why can't people drive better? Why can't they be more careful?"

Roger Lewis, 11, stubbornly held back tears as he spoke.

"I don't know who was to blame," he said slowly. "But someone must have been careless, or they'd have come for me and we'd all be together again."

His grandmother laid her hand on his shoulder. They sat together on an old studio couch beneath a tree, both thinking of his future.

Roger Lewis and his family had driven up Sunday from their home in Blair, a little Missouri River town 25 miles east of Fremont. Roger's stepfather, Dallas Talkington, was going to apply for a job Monday at a concrete products plant here.

Roger's mother let him spend Sunday night with his grandparents. Mr. and Mrs. Bernard Dahmens. The Talkingtons would pick him up Monday, she told him.

## COULDN'T FIND WORK

Talkington, 46, had found the going tough since bringing his family from Craig, Colo., 10 months ago but they had stayed off relief. Two months ago Talkington got a job in a Blair factory. When he found the paint fumes there made him ill, he started looking for another job.

Talkington didn't get the job he sought in Fremont. So he headed the family's 1953 model car for the Dahmens' modest cabin. With him were Roger's mother, Dora, 29, and the boy's sister and four half brothers.

As the car wheeled out of the industrial district onto the highway it collided with a semi-trailer truck. The car rolled into the ditch, the trailer on top of it.

The crash killed the parents and the five other children in the family—Dallas Jr., 6; Dana La Vern, 5; Virgil Lee, 2; Lowell Cecil, 1, and Diane Kay Lewis, 9. Mrs. Talkington's daughter by a previous marriage.

The driver of the truck, Frederick Schwalm, 38, of Omaha, was treated for a cut on the forehead and released.

Only Roger, at his grandparents' cabin, survived.

when the enlargement takes place. It is expected that the borough offices will also be enlarged. At present the mayor and police occupy one small room, and the borough clerk's office is in a hallway.

It was not known how soon enlargement of the fire house will take place. The fire chiefs were asked to submit their idea to the council property committee for consideration along with plans for general enlargement of the borough quarters and new quarters for the county Quick Call center, now located in a hallway.

Approval of purchase of the Deatrick garage for enlargement of the fire house was taken to indicate that council plans to continue the engine house in its present location. Several years ago council bought a tract of land near the VFW on Middle St., planning to construct a combined engine house and borough shed there. The new purchase may indicate that council has abandoned plans to move the engine house there. There were no statements at the council session Monday night concerning future plans for the borough owned lot at the eastern end of E. Middle St.

## 98 STRANDED YANKS READY TO FLY HOME

SHANNON, Ireland (AP)—Shannon airport's 98 stranded Irish-American tourists got a \$6,000 word of cheer today. The arrival of a Los Angeles bank draft for that amount cleared the way for their return home—seven days late.

President Air Lines sent the money to pay landing fees and fuel bills piled up on the airliner chartered by the group. The plane was scheduled to fly them home last Wednesday.

Airport officials said the craft needed only a precautionary inspection before it could be cleared for departure. Passengers were told it would probably take off tonight.

The Erin's Own Club of Chicago chartered the tour.

The weary Irish-Americans, all from Chicago, had assembled once more at the airport from hotels and private dwellings in the area where most of them had spent their sixth night waiting for transportation.

The examination of the plane, described as routine, was carried out by Capt. Jerry McCabe, chief aviation inspector of the Irish government, and Ed Kline, an inspector of the U.S. Federal Aviation Agency.

The stranded visitors to the Old Sod originally numbered 103. Five of them gave up on the charter flight and took a scheduled airliner home Monday night.

## PAAR ATTACKS CONGRESS AND YANKEE PRESS

By WILLIAM BENDER  
NEW YORK (AP)—"I'm at a loss for words, but I'll think of something. I have a few notes here."

With that brief, smiling introduction, Jack Paar launched into an hour-long television attack Monday night on the U.S. Senate and parts of the American press in the controversy over the filming of a Paar show on the border between East and West Berlin.

The occasion was his first show over the NBC network after returning from a trip that included stops at London, Paris, Switzerland and Moscow, as well as Berlin.

At the end of the discourse, Paar hinted again that he might soon leave the late evening show after more than four years.

## MAY LEAVE SHOW

"I'm not staying on the show long," Paar told his announcer, Hugh Downs. Paar has made similar comments in the past.

Paar asked Downs what he thought about his comments, and Downs took issue with one phase of Paar's attack.

Downs said he thought Paar had been right in staging the show in Berlin, but he criticized him for attacking individuals on a personal basis.

"I think part of what you did tonight was wrong," Downs said, adding: "You are important enough in being right."

Author Alexander King, a regular guest on the show, said: "I must tell you I disagree with Hugh Downs completely."

## FILMED SEPT. 7

The controversial show was filmed Sept. 7 at the Friedrichstrasse checkpoint and broadcast from New York City the next week.

Army participation in the show brought criticism in the United States, and the incident was described in the Senate as "shocking" and "highly dangerous."

Disciplinary action against two officers was announced in Washington Sept. 9, but was rescinded as unjustified on Sept. 27.

## Sam Rayburn In Baylor Hospital

DALLAS, Tex. (AP)—Speaker of the House Sam Rayburn has entered Baylor Hospital where doctors will try to find what is slowing his recovery from a back ailment.

Rayburn will be under the care of a Dallas surgeon, whose name was not disclosed. He said the tests and consultations would take several days.

An associate of the physician said Rayburn had lost weight but his condition appeared good. Rayburn entered the hospital Monday.

The 79-year-old congressman is said to be suffering from lumbago. He returned to his Bonham, Tex., home Aug. 31 for a rest and vacation.

## Seek To Shelve Membership Bid

UNITED NATIONS, N.Y. (AP)—U.N. delegates from both East and West were reported trying today to shelve action on membership applications of Mauritania and Outer Mongolia pending a decision on seating Red China.

The Security Council, which decides on new members, adjourned after 15 minutes Monday when it became clear the Soviet Union remained determined to veto Mauritania and that Nationalist China would turn thumbs down on Communist Outer Mongolia.

Diplomats appeared convinced there was no chance either side would give ground now and saw little point in inviting two vetoes.

## ISSUE BANK CALL

WASHINGTON (AP)—Federal officials issued today a call for reports on conditions of banks under their jurisdiction as of the close of business Sept. 27.

The comptroller of the currency's call affects 4,524 national banks.

The call by the Federal Deposit Insurance Corp. applies to 7,321 insured state banks which are not members of the Federal Reserve System and not located in the District of Columbia.

## Yanks Rule 8-5 Favorites To Win Series; Mantle May Miss Opener Due To Injury

By ED CORRIGAN  
Associated Press Sports Writer  
NEW YORK (AP) — The New York Yankees, with or without Mickey Mantle, today ruled heavy 12-5 favorites to win the World Series against the Cincinnati Reds.

Mantle, the junior partner in the M-M pitcher-wrecking company with 54 home runs, is recovering from minor surgery on his hip and is a questionable starter in the first game Wednesday.

If Mantle hasn't recovered enough, Manager Ralph Houk has nominated Hector Lopez to handle right field, with Roger Maris moving over to Mantle's center-field spot.

Whitey Ford (25-4), the bomb-er's top money pitcher for a decade, will take the mound against Cincinnati's Jim O'Toole (19-9) in the opener starting at 12 noon EST before a Yankee Stadium throng of about 70,000. Both are left-handers.

**RAIN ON WEDNESDAY**  
The weather forecast is for continued rain into Wednesday with temperatures between 60 and 70 degrees. Should rain force postponement the first game will be played Thursday with the second game, also at Yankee Stadium, on Friday.

The series will be carried on television and radio by NBC with a starting time of 11:45 a.m. EST in New York.

Mantle said the way he feels now he won't be able to play the opener.

"But," he said, "even if I miss the first game, that doesn't mean I won't be all right for the rest of the Series. Maybe it will get better quicker than I think."

Mantle's dour outlook was not shared by the Yankees' team physician, Dr. Sydney Gaynor, or by Houk.

**NOTICE DIFFERENCE**  
"Of course he feels weak and sore," said Dr. Gaynor. "He has a wound that must heal. Knowing Mickey and how he responds to treatment, I think he'll play."

Houk said he would not scratch Mantle from the lineup until just before game time.

"Sure, Mickey isn't feeling right," said Houk. "But that's to be expected. Wait until he's had a bowl or two of soup and a couple of steaks. Then notice the difference."

Otherwise, Houk plans to start his regular lineup. Assuming Mantle answers the call, it will be Bobby Richardson, 2b; Tony Kubek, ss; Maris, rf; Mantle, cf; Elston Howard, c; Yogi Berra, 1b; Bill Skowron, 3b; Clete Boyer, 3b; Ford, p.

If Mantle doesn't play, Howard will bat cleanup, Berra fifth, Skowron sixth, and Lopez seventh.

**NOT PERTURBED**  
Cincinnati Manager Fred Hutchinson, who says he is not the least perturbed about the top-heavy odds against his club, has only one doubtful starter. Catcher Darrell Johnson has a strain in his left side. If he can't make it, Jerry Zimmerman probably will get the call.

The National League champions' lineup will be Don Blasingame, 2b; Ed Kasko, ss; Vada Pinson, cf; Frank Robinson, 1b; Wally Post, rf; Gene Freese, 3b; Gordy Coleman, 1b; Johnson or Zimmerman, c; O'Toole, p.

"I see," observed Hutchinson, "that we're not supposed to have a chance. Well, we surprised people all season, and it's likely that we have one big one left."

Most observers figure the only chance the Reds' have of springing the same kind of upset as the Pittsburgh Pirates engineered last year is for their pitchers to squash the Yankee long-ball hitters.

**TWO GOOD RELIEVERS**  
The Reds will depend on O'Toole, Joey Jay and Bob Purkey, along with two fine relievers—Jim Brosnan and Bill Henry. Ken Johnson, a knuckleballer, also will be available in relief.

Defensively the Reds, who were picked to finish fifth or sixth in this year's pennant chase, have nothing to measure up to the Yanks.

"They say," laughed Freese, "you have to have strength down the middle to win a pennant. Look down our middle. You have to look 350 feet from home plate (to Pinson) to find strength."

**Fight Results**

## STATE LOSES QUARTERBACK AGAINST BU

By DAVE LEHERR  
UNIVERSITY PARK, Pa. (AP) — Coach Rip Engle of the Penn State Nittany Lions compared his football team today to a prize-fighter unable to come up with a knockout punch.

"The kids can move the ball real good, but they just can't seem to find the other team's goal line," Engle lamented while trying to explain State's humiliating 25-8 thumping at the hands of the Miami Hurricanes last Friday night.

The loss dented the Lions from this week's top 10 listing. They were rated eighth in the nation last week.

Engle noted that three times in the first quarter of the Miami game, Penn State marched deep into Hurricane territory, only to make costly mistakes and lose the ball.

**8 MORE GAMES**  
"But," he added quickly, "it's not the end of the season. We still have eight more opponents and we're going to lick some of them, you can be sure of that."

Engle claimed that Penn State teams traditionally have been known to get stronger as the season wears on.

"We didn't figure to go undefeated this season and now that we've been beaten I think the pressure is off my kids," he stated. "What we must do now is correct our mistakes and go on to the business ahead—mainly the Boston University game."

The Lions tangle with BU at Boston Friday night. Engle, usually pessimistic, expects to have little trouble with the twice-beaten Terries.

Absent from the lineup against Boston U. will be first unit quarterback Galen Hall who suffered a severe shoulder bruise in the Miami contest.

**SOPHOMORE TO START**  
Dr. Alfred H. Griess, team physician, reported Monday that he hopes to have Hall ready for the Army game next week. It was first feared that Hall might have suffered a shoulder separation.

Sophomore Pete Liske has been tabbed to replace Hall as first unit signal-caller Friday night. Liske hit on 8 of 11 passes for 88 yards and State's lone touchdown against Miami.

Hall is the third Penn State player to be sidelined by an injury this year. Guard Bob Hart has missed the first two games because of a sprained knee suffered in a scrimmage. He isn't expected to play until next week.

End Dave Robinson dislocated his collarbone against Navy and is out for at least six to eight weeks.

**Morrill Will Play Winters In Tourney**  
TULSA, Okla. (AP) — Qualifying medalist Joseph Morrill of Great Barrington, Mass., takes on John Winters of Tulsa in today's first round of the 7th annual U.S.A. Senior Amateur Golf Tournament.

Morrill, appearing in the tournament for the first time, carded a 3-over-par 74 Monday to lead the 32 qualifiers over the 6,476-yard Southern Hills Country Club course.

Low Lacy, Oklahoma City, John Driver, Grand Blac, Mich., and George Dawson, Glen Ellyn, Ill., tied for second with 75s.

In today's matches, Lacy meets James H. Ackerman, New York, who had an 80; Driver plays W.H. Blakely, Portland, Ore., and Dawson is matched with Edward F. Schwartz, Leawood, Kan.

**Playoff Needed For PGA Title**  
LANSDALE, Pa. (AP) — The teams of Howard Turner III and William McConnell, Kennett Square, and Norman Hammer and Dick Koecher, Melrose Country Club, will meet for the Philadelphia PGA section of the pro-amateur better ball of partners championship.

The date has not been set. The two teams tied for the lead Monday with a pair of 66s over the Oak Terrace Country Club course. Hammer and Koecher had 43-32 and Turner and McConnell carded 32-34.

Dick Schleicher, pro, and Dr. Donald Wickerham, amateur, of the Gettysburg Country Club turned in a 35-36-71 score.

**NEW YORK (AP) —** Welter-champion Benny (Kid) Paret is looking toward Europe and a series of nontitle bouts today while Emile Griffith, the dethroned champ, is screaming for a rematch.

Asked if he would give Griffith another chance, Paret's manager, Manuel Alfaro, replied emphatically: "No place, no time, no how."

If Griffith had won, as the 4-1 odds in his favor had indicated, he was to have risked the title Dec. 9 against Argentina's Jorge Fernandez in Las Vegas.

The referee, Al Berl, was the only official to vote for Griffith. His ballot was 8-6-1. Judge Artie Aidala saw it 9-6 and judge Tony Castellano 8-6-1, both for Paret.

Griffith had knocked out Paret in the 12th round April 1 at Miami Beach in what had been an even fight for 11 rounds.

## CLEMENTE WILL SEEK RAISE IN PAY NEXT YEAR

By LOU PRATO  
PITTSBURGH (AP) — Roberto Clemente, winner of the 1961 National League batting title, says he expects a salary hike next season from the Pittsburgh Pirates.

Clemente, flashy Puerto Rican outfielder who has one of the best throwing arms in baseball, says he's entitled to a salary boost not for winning the batting crown but "as an all-around ball player."

Clemente won the championship with a .351 average and succeeded teammate Dick Groat as batting kingpin. It was the first time the Pirates have had back-to-back batting champions since 1935 and 1936 when Arky Vaughan and Paul Waner won titles.

**MISSED LASTS GAMES**  
The 27-year-old Clemente said he was disgusted he missed the last five Pirate games because of an arm injury.

"I know I could have got a few more hits," he said.

"My arm feels okay, now," Clemente said. "I give it a rest over the winter. I not play winter ball."

Clemente credited manager Danny Murtagh and coaches Bill Burwell and George Sisler with helping him win the title.

"They helped me all season by giving me confidence," Clemente said. "They kept telling me I could hit for high average—even 400 — and that make me feel good."

**GAVE HIM DESIRE**  
Clemente said a disappointment in last year's most valuable player voting also gave him desire to win the crown this year.

"I was mad last year," he said. "I played as well as anyone else on our team and I didn't receive one vote for MVP. (Groat won the award.)"

"Don't get me wrong, I didn't say I was the best last year or that I should have won the MVP award. But nobody seemed to care about me."

"But you win the batting title yourself. They can't take that away from you."

## CINCY ISN'T SCARED BY ANY PREDICTIONS

By JIM HACKLEMAN  
Associated Press Sports Writer  
NEW YORK (AP) — Lo, the poor Reds. Doesn't anyone think they can win?

On the eve of the autumnal extravaganza known as the World Series all the commotion seems to be about the New York Yankees, a perennial American League nominee, who'll face the National League champion, the Cincinnati Reds, in the opener of the best-of-seven set Wednesday at Yankee Stadium.

Those nebulous figures who compile the betting odds have the Yankees favored at 2½ to 1. That mass of citizenry which suddenly becomes baseball conscious at series time knows all about redoubtable Roger Maris and his 61 home runs, Mickey Mantle's celebrated ailing hip and his home runs, Whitey Ford's prodigious pitching and probably about Elston Howard's high batting average.

**TALK OF SWEEP**  
This preoccupation with the Yankees is reflected in the press, radio and television. It's Yankees, Yankees, Yankees. There is talk of a four-game sweep, such as the Yanks staged against the Reds the last time the two clubs met in 1939.

The poor Reds. You'd hardly know they were in town.

But they are. They'll show up ready to face the awesome Maris & Co. and they don't appear to be quaking in their boots at the prospect.

Their manager, hefty and combat-spirited Fred Hutchinson, put it this way: "It'll be a helluva fight. I've read we're supposed to lose, maybe in four straight. Well, I haven't told my players. Games are won on the field, anyway, not in the papers or on the radio or in television booths."

**IL Elects Proxy For 2-Year Term**  
NEW YORK (AP) — Tommy Richardson, re-elected for a new 2-year term as president, will reconvene the annual meeting of the International League today but no formal action is expected on transfer of the Jersey City franchise to Jacksonville, Fla.

The transfer was tabled Monday because the league has not yet obtained clearance of the Jacksonville territory from the South Atlantic League. Jacksonville has been a member of the

Fernandez in Las Vegas.

The referee, Al Berl, was the only official to vote for Griffith. His ballot was 8-6-1. Judge Artie Aidala saw it 9-6 and judge Tony Castellano 8-6-1, both for Paret.

Griffith had knocked out Paret in the 12th round April 1 at Miami Beach in what had been an even fight for 11 rounds.

Tickets for the Gettysburg-Hanover High School football game at Hanover Friday evening at 8 o'clock are now available here and may be secured at the principal's office at the high school.

Student tickets purchased here are 50c while general admission at the field is \$1. Reserved seat tickets for choice seats at the center of the field are \$1.25.

## TIGHT RACES LOOM IN MAC GRID LEAGUES

Bucknell, Delaware and Lafayette have moved out in front in an early lead for the Middle Atlantic Conference's university division title.

The Bisons of Lewisburg, Pa., produced an 8-7 victory over Temple on Saturday for their second straight win in defense of the Lambert Cup.

Delaware mauled nonconference Buffalo on Saturday while Lafayette lost a close decision to Pennsylvania in another nonconference bout. Both teams recorded MAC victories the week before over Lehigh and Muhlenberg, respectively to join Bucknell in the unbeaten department.

**TEAM TO BEAT**  
While Rutgers has faced no conference this season, its impressive 16-13 victory over Princeton on Saturday left no doubts that the defending university division champs will again be the team to beat this season.

In the MAC northern college division, Susquehanna lived up to its preseason billing as a title contender by turning back Ursinus, 28-6, on Saturday for its second straight conference victory.

Moravian won its MAC opener with a one-touchdown margin over Wilkes to rank as a contender.

Defending co-champion Albright, which has not engaged any college division teams to date, overpowered university division Muhlenberg, 52-20, in its season opener last weekend.

The MAC's southern college division has turned into a four-team race, with Pennsylvania Military College, Johns Hopkins, Lebanon Valley and Swarthmore fighting for the lead. PMC scored its second conference win of the campaign with an 18-8 decision over Western Maryland on Saturday. The other three teams have 1-0 conference records.

**LOWA'S STAR HALFBACK HAS STRAINED KNEE**  
By MIKE RATHER  
Associated Press Sports Writer  
Iowa's top-ranked Hawkeyes, preparing for their nationally televised intersectional clash with Southern California Saturday, will have to tackle the tough Trojans without halfback Larry Ferguson.

Ferguson, an All-America candidate with impressive credentials as a top ground gainer and efficient defensive stalwart, was declared out of the Hawkeyes lineup for two to three weeks Monday when examination showed he had a strained knee ligament.

Ferguson, who picked up 665 yards rushing last season, was injured as Iowa opened its campaign last Saturday with a 28-7 triumph over California.

Elsewhere, injured personnel were the main items of discussion as the nation's teams went through their first workouts of the week.

**GUARD IS INJURED**  
Texas, fifth-ranked, will meet Washington State without the services of guard Bolly Gambin, who suffered a knee injury against Texas Tech. Notre Dame, facing Purdue next, may have lost both first-string end John Powers and fullback Mike Lind with leg injuries.

Pittsburgh's Panthers, 16-13 losers to Baylor last week, found end Woody Haser with a twisted left knee and end John Kuprok with an ankle sprain. Both are question marks for Saturday's Washington game.

Navy and Colorado were bolstered by reports of returning stars. The Middies, who scored four touchdowns in a 52-20 rout of Muhlenberg last weekend, heads the first weekly All-East small college football team announced today by the Eastern College Athletic Conference.

Also named were ends Larry Adkinson of Hobart and Brooks Slaticher of Lebanon Valley; tackles Dick Bonawitcz of Colby and Reed Bohovich of Lehigh; guards Tom Alexander of Bucknell and Lamson Rheinfank of Williams; center Bob Fithian of West Chester; quarterback Don Taylor of Trinity (Conn.); halfback Frank Melos of Wagner, and fullback Ron Deveaux of Tufts.

## BIGLER TOPS HANOVER JVS IN 1ST GAME

George Montgomery raced 28 yards on a reverse for the only score of the game in the second quarter as the Biglerville High School jayvees opened their schedule with a 6-0 victory over the Hanover reserves on the latter's field Monday afternoon.

Coach Don Sterner's Cannons threatened several other times but were halted within the 20-yard line.

Hanover put on a desperate rally late in the final quarter and reached the Biglerville 15 before being held for downs.

Next Monday Biglerville will meet Northern at Biglerville.

## STENGEL AND AIDES STUDY PLAYER LIST

By JACK HAND  
Associated Press Sports Writer  
NEW YORK (AP) — Casey Stengel, his two new coaches, scouts and other officials of the New York Mets got down to serious business today, working on the list of players from which they must pick their 1962 National League team. It was all strictly confidential.

The lists were made available to George Weiss, club president, Monday by Warren Giles, the National League president. Each club had to list 15 available men, seven of whom were on the list Aug. 31 and thus came under the regular 25-player limit, and eight of whom were out on option or under control.

**PICK AFTER SERIES**  
Giles refused to disclose any details of the lists, except to say that the seven Cincinnati men who were on the list of World Series eligibles, would not be made known to New York and Houston, the other new NL club, until after the series. The so-called "premium" player lists also will be made available at that time.

The day after the series ends, in the city where the last game is played, Houston and New York will pick their players. Each can get as many as 28 for \$1.9 million or as few as 20 for \$1.7 million.

"There are no great stars on the list," Giles admitted. "But there are players on the list that the club normally wouldn't sell for \$75,000."

**TWO, \$75,000 EACH**  
New York and Houston each must make two players from each of the eight clubs at \$75,000 each. Then each is permitted to take one more from each of the eight clubs at \$50,000 apiece. A special "premium" player list then will be presented from which each of the new clubs will wind up with four men at \$125,000 each. None of the eight teams that operated in 1961 can lose more than one player in the "premium" draft that is expected to include some "name" players.

Stengel announced the selection of Cookie Lavagetto and Solly Hemus as his first two coaches at a luncheon Monday. Both were fired as managers this year and Stengel, now 71, was fired by the New York Yankees last fall because he was too old, according to the Yanks.

**Albright Back Is ECAA Top Player**  
NEW YORK (AP) — Tom Olivo of Albright, who scored four touchdowns in a 52-20 rout of Muhlenberg last weekend, heads the first weekly All-East small college football team announced today by the Eastern College Athletic Conference.

## Not Sure Of Track License Grants

SHARPSVILLE, Pa. (AP) — A member of the State Harness Racing Commission says he doesn't know if the commission will award any race track licenses at its Oct. 16 meeting in Harrisburg.

Democratic Atty. Martin Cusic said Monday at his Mercer County home, "There's always the possibility that we'll allocate tracks at any meeting."

Harness race tracks with pari-mutuel betting were approved by voters in seven counties.

The Liberty Bell Racing Association, headed by James P. Clark, finance chairman of the Philadelphia Democratic committee, has been issued a license by the commission and under the 1959 law three more can be awarded.

Cusic declined to say who would get the remaining track licenses but conceded that Washington County is a likely location "because it's the only county in western Pennsylvania that voted favorably on the referendum."

**BERRA TURNS SCRIBE DURING WORLD SERIES**  
EDITOR'S NOTE — Here is Yogi Berra's first newspaper story, written exclusively for The Associated Press. The famous New York Yankee catcher, who holds more World Series records than any other man, will write for AP afternoon papers throughout the series.

**By YOGI BERRA**  
Written For The Associated Press  
NEW YORK (AP) — Don't laugh. I might just as well become a sports writer. Didn't Casey Stengel start out as a left-handed dentist? And didn't Johnny Neun, an old Baltimore socker writer, become manager of the Cincinnati Reds?

You could look it up. I got that expression from being around Stengel in so many World Series. After all he called me his assistant manager. I heard him tell it to his writers a few times.

Casey used to ask me about the pitchers. I guess it helped some. Look at how long Whitey Ford has been around. Remember Whitey broke in at a tough time against Vic Raschi (21 wins), Ed Lopat (21) and Allie Reynolds (17) and he won his first World Series start against the Phillies in 1950. Should have had a shut-out, too.

**HOUK'S FINE JOB**  
Aside from what Roger Maris and Mickey Mantle did this year in helping us Yankees set home run records, I'd like to comment on the fine job Ralph Houk did as our manager. Here is a fellow who went to bat only twice in World Series action. And he tried to take my job as a catcher on the Yankees. He never quit trying and look where he is today. Why, now I'm not even his assistant manager. He did it all himself.

So not only did I lose that job this year but also my job as No. 1 catcher on one of the greatest teams in baseball. We hope to prove that in the World Series starting Wednesday in Yankee Stadium.

I'll be out in left field, and fellows have said it's the toughest position on the team in October when those late afternoon shadows seem to hide the ball. And all those people blowing out cigarette smoke from our triple decker.

**Matthews KO'S Soo In Eighth**  
PHILADELPHIA (AP) — Len Matthews, the No. 8 ranking National Boxing Association lightweight contender, has won a must victory and stalled the comeback of Jimmy Soo but he needed a knockout punch to do it.

Matthews, who had dropped in the rankings as the result of four defeats in six bouts over the past year, was behind in points in the scheduled 10-round feature bout at the Arena Monday night until he unleashed a long left hook and a right to the jaw to knock out Soo in 1:46 of the eighth round.

It was only the third defeat in Soo's long career and the first after six straight victories since he began his comeback a year ago following a 3½-year absence from the ring.

**SUFFERS ANKLE SPRAIN**  
PITTSBURGH (AP) — X-rays have revealed that guard Mike Sandusky of the Pittsburgh Steelers suffered only a severe ankle sprain rather than a fracture in Sunday's loss to Los Angeles. Linebacker Mike Henry twisted a knee in the game.

**MONTREAL (AP) —** Ted Savage, rookie outfielder of the Buffalo Bisons, today was named the most valuable player in the International League for 1961.

Savage led the league in batting with a .325 average, and also led in total hits, runs scored and stolen bases. He is property of the Philadelphia Phillies.

## OLE MISS AND IOWA ARE TOP PICKS BY AP

By DON WEISS  
Associated Press Sports Writer  
The Iowa Hawkeyes, who set their own pace in a 23-7 season-opening victory over California last Saturday, set it well enough to retain the No. 1 spot in the weekly Associated Press college football poll.

Twenty-four of the 49 members of the AP board of experts cast their first-place ballots for the Hawkeyes of the Big Ten. With plenty of secondary support from the other voters, they wound up with 424 points and a clear edge over Mississippi. The Rebels, also No. 2 a week ago, wound up with 16 first-place votes and 325 points. Ole Miss whipped Kentucky 20-6 for its second in a row.

**TECH TAKES THIRD**  
Georgia Tech, noticed but unranked after clouting Southern California 27-7 in its first game, bolted up to third place after thumping Rice 24-0.

A chance for measuring comparative strength will come Saturday when Iowa plays Southern Cal at Los Angeles. Georgia Tech fans will be interested to see whether Iowa can handle the Trojans with anywhere near the ease that the Engineers did 10 days ago.

The top ten teams—points figured on a 10-9-8-7, etc. basis with first place votes in parentheses:

1. Iowa (24) 434  
2. Mississippi (16) 325  
3. Georgia Tech (5) 266  
4. Alabama (1) 259  
5. Texas (2) 218  
6. Michigan State (12) 203  
7. Syracuse 191  
8. Ohio State 123  
9. Michigan 123  
10. Baylor 117

X—48 votes cast.

SAY MISS REIS PAID \$43,000 FOR NIGHT CLUB

POTTSVILLE, Pa. (AP) — An attorney has testified at the burglary trial of Lillian Reis that a corporation she headed paid \$43,000 for the purchase of a Philadelphia night club where she once danced as a chorus girl.

The attorney, Stanley M. Greenberg, of Philadelphia, told a jury Monday that during the transaction he represented the 32-year-old shapely brunette who is accused of masterminding the Aug. 7, 1959, burglary which police say netted nearly \$500,000 and led to the gangland slayings of two brothers.

Greenberg, on the stand virtually all afternoon, testified that \$25,000 of the money was put up in cash for Reis Enterprises Inc. by Herman Seifert, an officer in one of the corporations which formerly owned the club, the Celebrity Room.

**TELLS ABOUT LOAN**

In answer to questions by Asst. Dist. Atty. Calvin J. Friedberg, Greenberg said the \$25,000 loan transaction took place Jan. 25, 1960.

Greenberg said that the persons present at the time were Russell Hamilton, a vice president of the Broad Street Trust Co.; Miss Reis; Miss Reis' father, Sidney Reiskin, of New York, and Martin (Mac) Lerner and Samuel Lerner, officers of the South Pacific Corp., which sold Miss Reis the club.

Friedberg had told the jury in his opening address that some of the money stolen from the safe of John B. Rich, a wealthy Pottsville coal operator, was used in the purchase of the Celebrity Room. Rich maintains only about \$20,000 in cash and jewelry was taken and that is the amount the indictments list.

Earlier Monday it was testified that Miss Reis—before getting the loan from Seifert—had been unsuccessful in efforts to borrow money to purchase the club.

Heavy Fallout Found In Korea

SEOUL, South Korea (AP)—The South Korean Atomic Energy Agency reported today it had detected up to 16 times as much radioactivity as normally permissible for human beings in rain that fell Saturday.

The agency warned the public not to drink rain water—the second such warning in a week. It added that the radioactive content in the atmosphere over South Korea was five times as high as permissible for humans.

Efforts To Visit Wife End In Murder

LEBANON, Pa. (AP)—A Levittown man's effort to see his estranged wife ended in the fatal shooting of a Lebanon County man and the wounding of the victim's stepdaughter.

Arthur Linthurst, 25, was arrested Saturday and charged with the pistol slaying of Charles Miller of Myerstown R. 2 at the latter's home.

Police said Linthurst broke into the Miller home before dawn because he thought his wife, Shirley, 19, was there. Mrs. Miller is the girl's aunt. Investigators said Linthurst told Miller to stay away from him but when the latter advanced, he shot him in the chest and abdomen several times.

Linthurst then ordered Miller's wife, Geraldine, 34, to call Mrs. Linthurst who was staying at the home of her parents, Mr. and Mrs. Elwood Fessler at nearby Pleasant Hill. On Linthurst's urging, police said, Mrs. Miller made up a story and asked Shirley to come to the Miller home right away to drive a sick relative to the hospital.

After she arrived, Linthurst forced his wife, Mrs. Miller, and the stepdaughter, Barbara Jean Leininger, 15, to accompany him to Reading.

A Lovelier You

By MARY SUE MILLER

**MEET SALLY SLUMP.** Everybody knows at least one girl who could be nicknamed Sally Slump. She's a teen who sprawls over her deskwork and hunches over TV. She walks and stands all in a heap, too, like a cave-in sack of meal.

Certainly, eye-appeal is not her asset. But neither is the lack of it the most serious result of her carriage. Of greater import is the fact that poor posture could ruin her growing figure.

Let's not have it happen to any teens in our reading circle! Preventative measures follow:

While doing homework, Miss Teen, sit as erect as you can in a comfortable, straight chair. Check both your chair and work surface for height. The seat of your chair should be adjusted so that your feet can lie flat on the floor, without either extending or jack-knifing your knees. You should be able to rest your writing arm on a work surface with-

out crumpling in your middle.

Necessary adjustments in your chair can be made via firm cushions or a footstool. A desk or table can be raised by placing blocks under the legs.

Also check the adequacy of your study light. And hold a book up instead of "nosing" over it.

When you carry books, beware of shoving them on your stomach. Shift heavy loads from arm to arm. At all times walk with a light footfall and your body stretched tall. Draw up your waist and chest whenever you sit. Just how do those moves affect your figure? They discourage round shoulders, a crooked neck,

BOY CHARGED WITH MURDER

LEBANON, Pa. (AP)—A charge of involuntary manslaughter was filed against Terry Meyers, 17, of nearby Palmyra, Monday in the fatal shooting of 18-year-old Wayne Barto.

Police said Meyers shot Barto to death on Sunday while the two were playing a game in which they hid behind trees and fired at each other with rifles.

Meyers told Dist. Atty. James R. Whitman of Lebanon County that he meant only to scare his friend, not kill him.

According to Whitman, Barto stuck his head out from behind a tree and Meyers fired his .22 caliber rifle, hitting the other boy in the left eye.

The shooting occurred just a few minutes after Meyers, Barto and three other boys went into a wooded section north of Palmyra to hunt crows.

Meyers was released in the custody of his parents on \$2,500 pending further legal action.

## STATE HOUSE ECONOMIZES BY \$306,000

HARRISBURG (AP) — Pennsylvania's treasury will be \$306,453 richer as the result of economies achieved by the State House of Representatives.

Chief Clerk Joseph Iminsky of Philadelphia reported over the weekend that the House is returning to the treasury this amount of unspent funds from its \$5,464,500 1959-61 budget.

Ominsky said the biggest savings in the 210-member chamber were in postage, extra help, contingent (office account) funds, and payroll economies.

### MILEAGE SAVINGS

Ominsky gave this breakdown of major savings being returned to the treasury:

Expenses of representatives—\$14,120 out of a \$1,260,000 budget. Per diem employees—\$86,956 out of unfilled authorizations. Salaried vacancies—\$54,620.

Mileage—\$56,008. Ominsky said this resulted from paying the 10-cent-a-mile round trip reimbursement only when members actually were in attendance. He acknowledged that strict attendance had not always been enforced in the past as the basis for the weekly mileage claims.

Other savings were: postage, \$11,000; chief clerk's contingent fund, \$1,961; incidental expenses for Ominsky, \$57,079; printing, \$6,888, and a number of smaller lapses.

### MANY FURLOUGHED

Ominsky said 73 House employees—all but three of them seven-day-a-week per diem (paid by the hour) workers—have been furloughed in the wake of adjournment of the 1961 session last Sept. 1.

He estimated this would produce savings in the amount of \$7,000 a week.

## Fireman's Helping Hand Is Fractured

LEBANON, Pa. (AP)—Being a good samaritan resulted in David W. Weatherholtz ending up in Good Samaritan Hospital, thanks to a cow which had no gratitude.

The 27-year-old fireman was helping load several cows into a truck after he and other firemen rescued them from a barn fire which caused an estimated \$60,000 damage Sunday at the nearby farm of Warren Lentz.

One of the cows stepped on Weatherholtz's right hand, fracturing it.

## STEEL PRICE INCREASE SEEN

PITTSBURGH (AP)—A contract pay boost for about 425,000 basic steelworkers went into effect Sunday, and the big question now is whether an increase in steel prices will follow.

The steel firms haven't increased prices since August, 1958, when prices rose an average of \$4.50 a ton. In the same period, steelworkers have received three pay hikes, including Sunday's boost of seven to 10 cents an hour.

Production and maintenance workers in the basic steel industry will now receive hourly wages of between \$2.27 and \$4.37, depending on job classification.

### FULLFILL SECOND PART

Sunday's increase fulfills the second part of a contract signed Jan. 4, 1959, after a 116-day strike.

Steel officials aren't saying what they will do. However, some executives point to higher employment costs and lower profit margins as good reasons for raising prices.

President Kennedy, on the other hand, has told steel leaders that the economic welfare of the nation depends on price stability in steel. In letters to the top executives last month, Kennedy said a price increase at this time will cause inflation.

Steel officials replied that the steel industry could neither cause nor halt inflation.

CHAMBERSBURG, Pa. (AP)—Charles W. Ricker, 75, of R. 3 Fayetteville, was killed Sunday night as he walked across U. S. 30 near his home.

Dr. John P. Manges, Franklin County coroner, said Ricker was struck by a car driven by Kenneth E. Gossert, 16, of Chambersburg. The driver was not held. Manges said an inquest would be held.

He said about half of this number will be recalled for at least two weeks' work in the special session expected to be called later this year to consider congressional reapportionment legislation.

Of a total complement of 203 authorized by 1959 law, Ominsky said there have been at least 35 House jobs left unfilled.

Whether the 50-member Senate had saved any money during the period wasn't known immediately.

## MICKEY MOUSE GANG GROWS TO YOUNG ADULTS

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD (AP)—Is there a mouse-ear cap in your closet? Can you still sing the Mickey Mouse march (m-i-c, k-e-y, m-o-u-s-e)?

If you are the average American family with children, the answers are apt to be yes. And you may be wondering what has happened to the intrepid Mouseketeers of yesterday's Mickey Mouse club on TV?

Anetta (last name Funicello — "but it's too hard to pronounce") is the sole Mouseketeer to remain prominently in the public eye. She brought me up to date on her fellow clubbers.

### REUNION PARTY

"We had a party recently that was a sort of reunion," she reported. "My, how we've all grown."

"Doreen Tracy is the only one married so far, but Mary Lynn Sartori is getting married in January. Sharon Baird is teaching at a dancing school while going to Valley Junior College. Cheryl Holdridge has a role in a new TV series, 'Archie.' Cubby O'Brien and Bobby Burgess have been working with Lawrence Welk."

"The rest of the Mouseketeers are still in school."

And what about Annette? It may make you creak a bit to learn that she will be 19 this month. Already she is thinking of her age.

She's a busy 19. She's appearing in a two-parter, "The Horse Masters," filmed in England and released on "Walt Disney's Wonderful World of Color" over NBC. The first chapter appears Sunday.

This Christmas she'll be appearing in her first big movie role, also for Disney—"Babes in Toyland." She's also busy in the record field with three albums and a raft of singles.

Her future seems promising; she's tied to four more years with Disney Studios, where she has been under contract for seven.

## OPEN SUPREME COURT TERM

By PAUL M. YOST

WASHINGTON (AP) — The Supreme Court opened a new fall term Monday, its dockets crowded with an all-time high of 1,050 cases.

Most are appeals involving racial issues, business regulations, labor relations and state and federal powers. Significant decisions are certain to come in this term.

The court last met June 19 before recessing for the summer. In a statement made in connection with opening of the new term, Chief Justice Earl Warren called on the federal judiciary to meet its "great responsibility" to relieve congestion of cases in U.S. courts.

Warren also expressed gratitude that Congress had responded to pleas for more federal court judges. A bill creating 73 new federal judgeships was passed by Congress May 4.

Warren conceded that congestion in lower federal courts could not be relieved overnight.

## 2 Nations Test Sea, Air Might

SAN DIEGO, Calif. (AP) — Ships and aircraft of the United States and Canada took to the sea and air Monday to test their might in hunting down enemy submarines.

The exercises, named Sea-shell, will last two weeks. It will range from the warm, calm waters off southern California to the cold often stormy northern Pacific.

More than 10,000 men are participating. One hunter-killer group is led by the anti-submarine aircraft carrier USS Bennington.

The exercise is not only a test but will serve, the Navy said, to strengthen the combined U.S.-Canadian capability to meet any undersea threat against the west coast of North America.

CASPER, Wyo. (AP) — The Casper Tribune-Herald and Casper Morning Star have been sold to Robert S. Howard and Associates of Chester, Pa.

The sale was announced over the weekend. Purchase price was not disclosed.

Howard recently sold his interest in the Delaware County Daily Times of Chester, which he published for six years.

## "BUS STOP IS" DRAMA SHOW FOR GROWNUPS

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP) — Network television finally has come up with a dramatic program clearly designed for adults only. During the premiere of ABC's "Bus Stop" Sunday night a young girl used a four-letter word in ordering a man out of her house.

It wasn't a very bad four-letter word, but it isn't one you often hear on "Lassie" or "The Flintstones." It may have been the most startling thing in the series' first episode.

The story was about a middle-aged bronco-rider returning to his home town for the first time in years to find his son on trial for murdering a girl by running her down with a truck. He wanders around futilely trying to prove that his boy was framed and winds up reconciling with his patient wife, promising not to hit the rodeo trail again—not for a while anyway.

### CHARACTERS UNATTRACTIVE

The trouble with the drama was that all the characters were so ineffective and unattractive that it

was hard to care very much about them. When it turned out that the son was guilty of murder, it was not a big surprise, although it was a real switch. All prisoners on trial in TV normally are proved innocent in the last 10 minutes. ABC's "Target: The Corruptors," on Friday night, turned out to be just another 60-minute crime fighter series attempting to cash in on the success of "The Untouchables." It was a very pale carbon indeed.

"Father of the Bride," one of CBS' new comedy series, started Friday night with father's daughter telling the family about her engagement and father becoming so upset he poured coffee and then milk over his suit. Leon Ames plays father with the same irascible spirit he once showed in "Life with Father," and we've met the young folks before in many other comedies. The show is a pleasant, inoffensive trifle.

### FULL OF CHUCKLES

"Mister Ed," which CBS has turned into a network show on its Sunday schedule this season, is a mild little comedy full of chuckles for people who think horses that talk like humans are a riot.

"Robert Taylor's Detectives" turned up on NBC in its new hour-long format and "Gunsmoke" returning to CBS Saturday was 60 minutes long. Both stories would have made nice, snappy 30-minute shows. "Perry Mason" returned with a new show Saturday

and had such a complicated plot that if you took your eyes off the screen for a minute, you lost it forever.

Ed Sullivan resumed with fresh material Sunday night — mostly home-style movies of his summer travels. They were about as good — and about as interesting — as Jack Paar's pre-Berlin travelogues.

Recommended tonight: "Window on Main Street," premiere, CBS, 8:30-9 (EDT) — Robert Young's new dramatic series: "Ben Casey," premiere ABC, 10-11 — series about two neurosurgeons practicing in a large hospital: "Jack Paar Show," NBC, 11:15-1 a.m. — Paar returns to his show after his most recent, well-publicized travels.

The symbol of the 1964 World's Fair in New York's Flushing Meadows is to be a huge open-work globe of stainless steel, called a unisphere.

## SAYS BAYLOR HAD KEY PLAY TO BEAT PITT

PITTSBURGH (AP)—In the words of Pitt coach John Michelosen, "They came up with the big play when they needed it. That's something we couldn't do."

Michelosen was speaking of his team's 16-13 loss to Baylor Saturday, the Panthers' first after their opening victory against Miami.

Baylor, a strong contender for the Southwest Conference title, came up with several big plays, two of them being fourth-down passes from Ronnie Stanley—one to Bob Lane in the third quarter, the other to Jim Ingram in the fourth.

Michelosen specifically mentioned two plays Baylor pulled on its winning touchdown drive of 92 yards.

"That play when we had them in the hole inside their ten and (Ronnie) Bull broke away for 29 yards really hurt us," he said. Then there was the scoring play, of which Michelosen said:

"We had three men on Stanley, but he got the pass away. Letting them out of those holes really hurt."

Baylor Coach John Michelosen

agreed about the key plays. "We didn't win by playing real smooth football, but we won by clutch performances," he commented.

Pitt, on the other hand, didn't have the clutch play. **PASSES DIDN'T CLICK**

"When we had the ball on their nine with first and goal and just a minute or two left in the ball game, we thought we could score by throwing," Michelosen said. "So we threw."

But none of the passes clicked, the last falling incomplete in the end zone with 1:40 left.

All of Pitt's scoring came in the second quarter after Carl Choate kicked a 26-yard field goal for the Bears, who are 2-0. Sophomore Al Grigaliunas grabbed an errant Stanley pass and raced 40 yards for Pitt's first touchdown. Two and a half minutes later, Sophomore Glenn Lehner recovered a fumble on the Baylor 48. Fred Cox eventually raced a 16 yards for the score.

MADRID (AP)—Manuel Casanova Carrera, 62, director of the weekly newspaper on bullfighting "El Ruedo," and his wife were killed Friday in an automobile crash.

Their two sons, Rafael, 15, and Maria, 14, were seriously injured in the accident near Albogeta.

Carrera was a former civil governor of Toledo.

## Weddings

Miss Elaine Marie Yohe, daughter of Mr. and Mrs. Harold Guise, Biglerville R. 2, became the bride of Spencer Stambaugh, son of Mr. and Mrs. George Stambaugh, Gardners R. 1, Saturday at 7 p.m. in the Gettysburg Church of the Brethren. The Rev. C. Reynolds

Stambaugh—Yohe

Simmons Jr. officiated. The altar was decorated with lavender and white mums. Clifford Snyder sang "O Promise Me" and "The Lord's Prayer."

The bride, given in marriage by her grandfather, Miley Yohe, was attired in a long white satin gown trimmed with Chantilly lace with small motifs of lace on the side and back. She carried an orchid over a white Bible.

### RECEPTION IS HELD

The maid of honor, Miss Jane Weigand, East Berlin R. 2, cousin of the bride, was attired in a lavender gown with matching headpiece and carried a bouquet of lavender and white mums. The best man was David Cook, York Springs, brother-in-law of the groom. The ushers were Fred Stough, York Springs, and Dale Cline, Gardners.

The bride's mother was attired in a black and white dress with black accessories and a yellow and white mums corsage. The groom's mother was attired in a navy dress with red accessories and a yellow and white mum corsage.

A reception was held in the church social room. Following a wedding trip, the couple will reside near York Springs.

The bride is employed by the C. H. Musselman Co., and the groom is engaged in farming.

Out-of-town guests were from New York, Spring Grove, York and Hanover.

### Hoover—Kress

The wedding of Beverly Ann Kress and George C. Hoover took place Saturday at 4 p.m. in St. Matthew's Lutheran Church, Hanover. The double-ring ceremony was performed by the pastor, Rev. Howard J. McCarney.

The bride is the daughter of Ervin W. Kress, Hanover, and the late Mrs. Annie F. Kress.

Her husband is the son of Mr. and Mrs. Grover Hoover, Hanover R. 5.

The matron of honor was Mrs. Walter D. Tohl Jr., Gettysburg R. 5, a sister of the bride.

Glenn H. Hoover, Hanover R. 5, a brother of the bridegroom, was best man. Oren Cole, a nephew of the bride, served as acolyte. Fairy Straley was the organist.

Following the ceremony, 150 guests attended a reception at the Parkville Fire Company Hall. The couple will reside at Hanover R. 5.

The bride is a 1960 graduate of Eichelberger Senior High School and is employed by Hanover Paper Box Company. The bridegroom was graduated from New Oxford High School 1954 and is employed by Asplundh Tree experts. He served two years in the U. S. Army.

### Lightke—Berkheimer

Miss Shirley Berkheimer, daughter of Mr. and Mrs. George Berkheimer, Thomasville, R. 1, became the bride of Gerald Lightke, of Philadelphia, at a double-ring ceremony performed at 3 o'clock Saturday in Zwingle United Church of Christ, East Berlin. The ceremony was performed by the Rev. William H. Anderman Jr., pastor.

The bride was given in marriage by her father, Miss Joan Yerkes, Philadelphia, was maid of honor. The bride's sisters, Miss Janet Berkheimer and Mrs. Doris McMaster, Spring Grove, were the bridesmaids. William Lightke, Philadelphia, brother of the groom, was best man. The ushers were Richard and Donald Hewin, both of Philadelphia. The organist, Edwin Meals, played traditional wedding music and accompanied the

soloist, Miss Myrtle Morrie, of Shiloh.

Approximately 100 guests attended the reception held in the church annex after the ceremony. The bride is a 1959 graduate of the East Berlin High School and a 1961 graduate of the Chestnut Hill Hospital School of Nursing, Philadelphia. The groom is employed at the McNeil Laboratory, Philadelphia.

They will reside in Philadelphia.

### Montgomery—Baker

Miss Nancy L. Baker, daughter of Mr. and Mrs. Donald F. Baker, S. Washington St., became the bride recently of Bernard P. Montgomery, son of Mr. and Mrs. B. P. Montgomery, Baltimore, in a double-ring ceremony performed by the Rev. Fr. William Scivers, pastor of St. Mary's Catholic Church, Littleton, Colo.

A reception followed at the home of the groom's brother-in-law and sister, Mr. and Mrs. Edward Edstrom. After a wedding trip to Colorado Springs, the couple will reside at 172 W. Ida Ave., Apt. 9, Littleton, Colo.

The bride is a graduate of Delone Catholic High School, McSherrystown, with the class of 1958, and the St. Agnes Hospital School of Nursing, Baltimore. The groom is a graduate of a Baltimore City High School, and Gettysburg College with the Class of 1961, where he was also a member of Phi Delta Theta fraternity. He is presently employed by the Martin Missile Co., Denver, Colo.

## FINDS TAHITI BIT BORING AFTER A WHILE

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD (AP)—Lee Brinkman's search for paradise is over, but his life will never be quite the same.

This is a sequel to the dispatch I wrote from Tahiti last February about the North Hollywood orthodontist who chucked a good-paying job to try life in the South Seas.

Lee is back in civilization, once again peering into little mouths and straightening teeth.

"I've changed, though," he remarked. "Tahiti taught me one lesson, a big one. Down there I learned to live simply. All you need is a place to sleep, food to eat—raw fish included, and good friends."

### STUDIED ALL HIS LIFE

Last year Lee left his \$1,200-a-month job to pursue the dream that every American male has of Tahiti. He had studied or worked all his life, and at 27 he was unmarried.

At first he had the usual tourist's reaction to Tahiti: He was dazzled by the scenery and the

charges of murdering unarmed student demonstrators denouncing election rigging last year.

Condemned were long Chin-ki Kwak Yung-joo, 36, former chief bodyguard of the ousted president.

girls. Then he was depressed by the strangeness of the surroundings. But then he was accepted by the Tahitians and he accepted their philosophy of "ita pea pea"—it doesn't matter.

Lee managed to support himself by working for the "Mutiny on the Bounty" company. One production aide said he saved the studio \$30,000 one day by quick work on the teeth of Marlon Brando's native leading lady, Tarita, when she was needed for a close-up.

### SPOILED BY CIVILIZATION

Despite his fondness for Tahitian life, Lee admitted he was ready to leave before the end of the seven-month period foreigners are allowed to stay. Why?

"Because I had been spoiled by civilization," he said with some regret. "The life is great for the first few months. But then you feel the need for some intellectual stimulus."

"You can't find it in Tahiti. I suppose there are some books there, but I never felt like reading."

Now Lee is back and practicing in Beverly Hills, using a new method of straightening teeth without bands. Remembering his Tahiti lesson, he will work only part-time and only long enough to earn some money to travel again. Would he go back to Tahiti?

"Certainly," he said.

## FAST DIVORCE MAY BE VOIDED

BIRMINGHAM, Ala. (AP)—Alabama is able to give a quick divorce to almost anybody from almost anywhere. But it is not always able to make them stick.

A case in point comes up this week for a circuit court ruling in the tiny community of Double Springs in rural north Alabama.

Mary Sachs is contending that her Alabama divorce from Walter Sachs, a former New York City financier, is invalid because neither she nor her husband was a resident of Alabama.

In testimony last week a private detective said he accompanied Mrs. Sachs to Alabama to get the divorce last year. He said their entire stay was three or four hours in Birmingham—about 100 miles south of Double Springs, where the divorce was granted.

### LOOPHOLE IN ITSELF

The Sachs case is an illustration of what might be called a loophole within a loophole.

The loophole in Alabama's divorce law is its residency requirement. There is no time limit. Even the expressed intention to become a resident may be accepted by some judges.

The loophole in the loophole is that both parties must agree to the divorce—and they must stay in agreement, presumably until death.

Otherwise, the spouse can bounce back and challenge the divorce.

## No special favorites in this family!

In this and every other Blue Cross family... and there are millions of them... the parents and all their dependents are entitled to equal hospital care benefits under the family contract. That means the wives and unmarried dependent children under 19 years of age... if they are hospitalized any time, they are eligible for the same full service benefits as the breadwinner of the family. And if anything should happen to the breadwinner, all surviving members may keep their Blue Cross coverage.

This Blue Cross advantage is important when you consider the fact that dependents use about 75% of all hospital care. And in the case of additions to the family, maternity care is automatically included.

Here is another advantage of Blue Cross... your benefits are full-scale; they expand to meet rising hospital costs. This is much safer than a limited cash allowance that might not begin to cover heavy expenses.

This demonstration glass carburetor offers proof... deposits cannot build up while you are using Atlantic Imperial Gasoline in your car. In fact, deposits formed on this carburetor with another gasoline were actually washed harmlessly away by Imperial.

## ATLANTIC IMPERIAL® GASOLINE CLEANS YOUR CARBURETOR AS YOU DRIVE

As you drive, Atlantic Imperial dissolves the harmful dirt deposits that build up along the lower carburetor walls and washes them harmlessly away.

If these deposits were to remain, they could cause rough idling, frequent stalling and actual gasoline waste. And

Atlantic Imperial not only does away with deposits already formed, but also, with continued use, prevents new deposits from building up.

Test this great gasoline in your car. Use Atlantic Imperial regularly for 100 gallons. Have your Atlantic Dealer give

you a receipt for each purchase. If you're not satisfied that Imperial has improved your car's performance, just return the receipts to The Atlantic Refining Company. We will refund the average difference in cost between 100 gallons of Atlantic Imperial and regular gasoline.

# BOYLE'S Grab Bag

By HAL BOYLE  
NEW YORK (AP)—Can you fool your wife about anything?  
If you can, you must be a genius.

For the fine old masculine art of wife-fooling is rapidly becoming a vanished skill. Science, invention, law and government have conspired to make it all but impossible.

There was a time when the man of the house was something of a mystery to his household, and the real master of his manor.

That was largely because he was armored by financial secrecy. How much he was paid was a secret between him and his boss, and many a strong-minded husband chose not to share that secret with his wife and children.

## NO ONE KNEW

"We can't afford it!" he could tell them when they tried to raid his treasury for some purchase he thought unnecessary. And his word was law, for no one else in the family knew the real size of his bankroll.

In that golden male past the only way a wife could estimate the old boy's worth was to go through his pockets after he fell asleep on pay night. Even then, if he had the common sense to stash some of his cash in his shoe, she thought him poorer than he was.

In those days a husband could use his stashed cash to bet on the ponies, invest in poker, handle his tab at the saloon or play the stock market—and his wife was none the wiser.

## KNOWS EVERY PENNY

All is changed. The joint bank account and the joint income tax return have made it impossible for a husband to fool the little woman about how much he earns or what he does with his money. She knows where every penny comes from—and where it goes. He can't even earn a few dollars on an outside job and squirrel it away for a bit of wholesome private fun, or to mail to his dear old mother. Not, anyway without reporting it to Uncle Sam. And when he reports it to Uncle Sam he reports it to his wife, too. For she studies that joint income tax before she signs it.

It is practically impossible now to fool wives in other matters.

## A few examples:

An older husband once could marry a younger woman and lie to her about his age. Not any more. His driver's license, his passport, his insurance policy, make his age about as secret from her as the date on her kitchen calendar.

Once a husband could stay out late with the boys, creep silently on stockinged feet up the stairs, and the next morning assure his wife he got home three hours earlier than he did.

But not since wives started putting chain latches on the front door. For every burglar surprised by a chain latch, a thousand husbands have been caught flat-footed trying to sneak home late.

A modern husband who tries to fool his wife only kids himself.

# Let's Look At The Record

THE GUARD RIDES AGAIN  
Idea That Guard Mobilization Always  
Precedes A Major War Is Not True

By JIM DAN HILL, Ph.D.,  
President, Wisconsin State  
College, Superior

IS IT NOT TRUE that every time the National Guard has been called to duty a war soon followed? This query, orally, in letters, and phone calls, has come to me repeatedly since the calling of the 32nd (Wisconsin) Infantry Division and the 49th (Texas) Armored Division.

They are the first National Guard divisions to be slated for active duty since the Administration began beefing up nonatomic, conventional military strength.

THE ANSWER requires a long, hard look at a long record. The minute men at Lexington and Concord, 1775, were the National Guardsmen of their day. Thus when Paul Revere, under orders of the rebel government, galloped through the night turning out companies and regiments to take pot shots at marching Redcoats, they were most certainly starting a war—and a long one! It was a world war before it ended.

The next major mobilization of Volunteer Militia units, or National Guardsmen, came in 1791. Westerners, for the most part in Pennsylvania, declined to pay excise taxes to the new Federal Government, most particularly on whiskey. Federal officials were chased out of some counties. It began to look like a civil war. President George Washington called companies and regiments

and maybe makes laughter for the neighbors.

NEW YORK (AP)—Gentlemen: Do department store statements make your wife nervous?

Does she hide them from you until pay day?

Does she try to disappear while you figure them out?

Does she point to a figure nervously and say: "Cross off that \$17.60 I took those gloves back. And they were very nice about it."

Does she think the beginning and end of paying bills is a 10-minute bawling out from you, to be forgotten immediately?

Buster, we are in the same league.

## WORSE THAN YOU THINK

And it is worse than you think. Worse than at least one large New York store realizes. The store thinks it owes me around \$300. It said so right on the last statement.

That was the great awakening. You and I and that store all know that no department store ever owes any husband.

Going on that premise, I conducted a full-scale investigation and learned that my wife doesn't understand what the bill says. She doesn't know that a store can mark down on one bill what we owe (black ink) and what I have paid or what she has returned (red ink). It was just so many numbers to her—and she blamed her high school math teacher.

## JUST DOESN'T WORK

Your wife probably has the same failing. And I'd advise you not to teach her differently.

Take my case. We bought a couch and not wanting to get into our usual troubles with so much money involved I left a check, telling my charmer to give it to the man who delivered the couch.

The store, sinking in a quicksand of slips left behind by these ladies when they return gloves, etc., credited me with the amount of the check (red ink) but forgot to charge me for the sofa (black ink). That left me way ahead.

The mistake was explaining to her the difference between red ink and black ink. Now she figures out red ink very well and is delighted. She intends to spend her balance (it has ceased to be "our" balance) forthwith.

Probably the best thing would be to lock her up when I come to work.

to an aggregate strength of 15,000 men.

OUT OF A TOTAL United States population of less than four million, this was a major mobilization. The whiskey rebels quickly decided to pay their taxes.

A student of mine once wrote on his quiz paper that the trouble ended when the National Guard arrived and drank up all the cause of the difficulties.

One would like to believe the Volunteer Militia units of that era got some sort of special reward for their disruptive, long marches, but there is no record that they received so much as a campaign ribbon.

DURING THE Napoleonic wars in Europe, America had as much trouble trying to be neutral as we have had in our era. There were brief hostilities with France. Small naval actions were fought.

President Adams issued calls for an aggregate of 50,000 men in Volunteer units of the Organized Militia of the States (National Guard) for the purpose of attacking and holding French and Spanish possessions on America's western and southern borders. Spain was then a French ally.

France and Spain read the warning, decided the price of American enmity was going to be too high. Peace prevailed.

FOR THE WAR of 1812 and with Mexico, hostilities erupted before there was a call for National Guard units, hence the basic question cannot apply.

The Civil War was something else. South Carolina's calling out her state troops to take over Fort Sumter is what started the ghastly donnybrook. The North countered with greater calls. In fact, the Civil War was little less than a war between the National Guards of the states, either on active duty for the Confederacy or for the United States. There is much argument in favor of the Southern idea that it was not a Civil War but a "War Between the States."

In 1890, McKinley's call for National Guard units for Cuban operations followed the declaration of war, hence the basic question again is not applicable.

IT IS FROM the Mexican Border mobilization, 1916, and the National Guard call of 1940, that the idea has become prevalent that a call of the Guard automatically means war.

True, some statesmen of the era and historians have said and even written that the Border call before World War I was in preparation for the Big War. Most, if not all, such claims are mere self-complimentary hindsight asseverations.

The records of the time show that all the Guardsmen were needed if the long border was to be adequately defended and proper retaliatory action was to follow a breach in those thin defenses. Hence that mobilization was again Mexico and Mexico alone. Moreover, the troubles ended. The mobilization prevented a small war.

The recall of the National Guard units in 1917 was well after war had been declared, hence could not be rated as one of the causes of America's entry.

War did follow the mobilization of 1940. It could be argued that our trouble then was failure to mobilize sooner and faster! The question must be answered with the counter suggestion that Guard mobilizations may be symptomatic. They by no means guarantee the certainty of subsequent wars.

ERIE, Pa. (AP)—George Bailey, 51, of Erie, who state police say was struck by a hit-run driver, died Sunday at St. Vincent Hospital.

Bailey, a migrant worker, was struck Saturday on Route 97 near Waterford, Erie County. Police believe he was hit by one car and then run over by another.

TOKYO (AP)—China celebrated the 12th anniversary of Communist rule with fireworks, singing and dancing in a "sea of joy, a colored fairytale," Radio Peiping said Monday.

But a somber note was sounded by the Peiping People's Daily which reminded the people of hard times and what it called temporary setbacks "arising in the course of our advance."

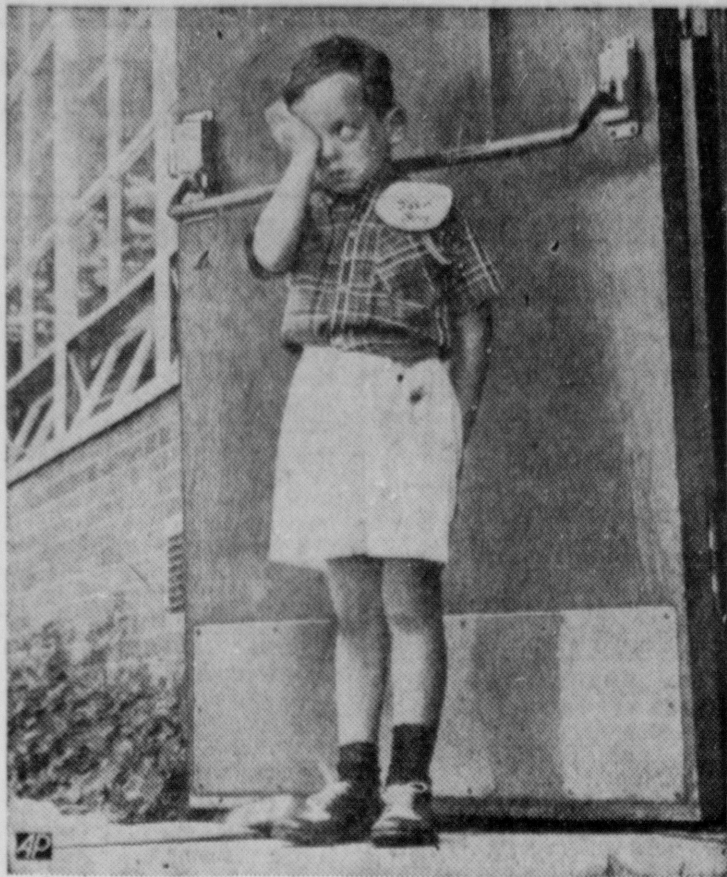

"The reduction in the output of grain, industrial crops and subsidiary rural products has affected the production of both light and heavy industry, and consequently commodity supplies and the people's livelihood," said the official Chinese Communist party newspaper.

Fungi are plants but have no green coloring matter and therefore cannot manufacture their own food.

Soil drainage is an important factor for farmers to consider in choosing a forage seeding mixture.

times before, her son and four close friends drove to Franklin Central High School. All five died about eight hours later when a swift New York Central passenger train twisted their car into two piles of scrap metal.

Others killed were Altmeyer's sister, Laura Elaine, 14; Stephen Pratt, 16; his sister, Nadine Louise, 14, and Linnie Taylor, 14.

## "BEST OF FRIENDS"

"The five were the best of friends," said a neighbor. They lived in the same block in southeastern Marion County. "When you saw one, you saw all five. They died in a crash less than a mile from the school.

The youngsters climbed into Pratt's 1949 model car shortly after classes had been dismissed at 2:40 p.m. Nine minutes later they were dead.

About the time school was out, a Chicago-Cincinnati passenger train was leaving Indianapolis Union Station. It was 11 minutes behind schedule. By the time the train reached the crossing, it was traveling between 70 and 80 miles an hour.

"They stopped, and then they just drove up on the tracks," said Engineer Verna C. Zander, 63, of Indianapolis.

## IRS OFFICE HOLDUP

WILLIAMSPORT, Pa. (AP)—Two gunmen held up the Williamsport office of the internal revenue service today.

Capt. John Grey, of the state police, said one man wore a mask, the other a stocking over his face. They took the wallets of six men on duty.

First reports did not indicate whether any government money was taken nor how much cash was in the wallets.

SHARON, Pa. (AP)—Price of the Sharon Herald went up from seven to 10 cents a copy Monday. Weekly home delivery price now is 50 cents instead of 42. The newspaper said the increase is due to higher production costs.

Ford introduces for 1962  
two distinguished new series:  
Galaxie & Galaxie/500

Enduring elegance...  
with the power to please

With Thunderbird styling... and Thunderbird power... and quality craftsmanship that sets a new industry standard... the 1962 Ford Galaxies give you every essential feature of far costlier luxury cars.

Swift as a rumor, silent as a secret, Galaxie '62 has the timeless distinction and talent for travel of the Thunderbird that inspired it.

Every quick quiet mile whispers: here is a new standard of quality. And every luxurious detail confirms it.

This is the car that introduces twice-a-year maintenance. Routine service is reduced to 30,000 miles on many items such as major lubrications, twice a year or 6,000 miles on the rest.

We suggest you see the new Galaxie and Galaxie/500 (shown above) for yourself. We are confident you will agree: it's pointless to pay more—or settle for less.

Now... twice-a-year maintenance reduces service to a minimum!
